Course and Class Policies/Procedures

I. Assignments and Assessment

For details about each assignment, see the separate assignment prompt document on E-Learn.

II. Class Policies

- Kindness, civility, and care are even more important online than in in-person classes. Respect for each other is vital; remember, people on the internet are people too!

While you are working online, it is important to note that email, discussion boards, web pages on the Internet, and other forms of communication via the computer seem (but only seem) private. Although

the Internet seems closed and private, it is actually a very public place. Please be aware you should always consider your work in your online course a public matter. Write your emails to your me in such a way that you would not mind if my boss (or yours) read them. Write to other students in such a way that you would not mind if your professor or other members of the class read them. (In our discussion boards, of course, we definitely will.) In emails and discussion board postings, know that human beings will react as much to how you say your message as they will to what you say in the message. Your readers are human beings with human strengths, failings, flaws, biases, and feelings. As you write emails or post to discussion boards, think: "how would I say this if I were speaking aloud in a regular, brick-and-mortar classroom; how would other people react to how I say this idea?" Always be polite, considerate, and mindful of your readers as you work inside your online course. Be respectful of others' reactions, opinions, and interpretations. If you disagree with others, you are welcome to say so: indeed, philosophy typically involves lots of disagreements! But you should generally focus on the ideas, not on the character of the people who have them.

- This is an asynchronous online course. You will need a computer capable of running a web browser, and an internet connection strong enough to download files and occasionally video. You will also need to write using some kind of program like Microsoft Word. Word (and other useful software such as Microsoft Teams) is available to you for free through the College; if you need help downloading or managing it, contact the College's technical support (423-318-2742). It may also be possible to borrow equipment from the College; again, contact tech support to inquire about this.

To succeed you will also need to be able to use the above programs (a web browser and writing program), as well as E-Learn (our class will have a dedicated web site on that system available through your browser) and the E-Learn email system. Help with E-Learn itself can be found on E-Learn (see the "Student Help" drop-down menu towards the top). If you try to do something and can't work out how to do it, contact me or tech support.

- You must be reachable via eLearn email. I cannot stress this enough: you will be notified of any changes that occur to the course over the semester (if there are any changes, that is) via email. Moreover, if I need to contact you, personally, for any reason at all, this will be the method through which I contact you. Do not neglect to check your eLearn email often! It is also the best way to get in touch with me.

- You must be reachable via eLearn email. If I need to contact you, personally, for any reason at all, this will be the method through which I contact you. Do not neglect to check your eLearn email often!

It is also the best way to get in touch with me.

- You should check the home page of our E-Learn web site regularly as well. Any changes to our schedule or plans will be announced there.

- First Day of Class Attendance Policy: For this course, logging into our E-Learn site will count as your first day of attendance.

- Final Attendance: For this course, your last day of attendance (which can be important for determining whether you can withdraw) will be the last day that you made a post on a course discussion board or turned in an assignment (via email or dropbox).

III. Tentative Course Schedule

Please see the course schedule document on E-Learn.

Academic Honesty

Faculty expect all students to refrain from acts of academic misconduct including but not limited to:

1. Plagiarism - refers to using another person's ideas or writing without giving proper credit to the original source. Indulging in this type of conduct will subject the student to disciplinary sanctions, which may be imposed through the regular institutional procedures of Walters State Community College as outlined in the Student Handbook. Plagiarism will result in a grade of "0" for the paper/exam/presentation. Student Conduct and Disciplinary Sanctions contained in the college Catalog/Student Handbook apply (see policy 04:18:02 Disciplinary Sanctions). Plagiarism includes, but is not limited to the following:
 - a. Using cut/paste tool from original document with no references given.
 - b. Copying another student's work and submitting it as one's own.
 - c. Forging or otherwise altering signatures.
 - d. Giving or falsifying academic documents or materials.
2. Cheating - construed as attempting to deceive or mislead which includes, but is not limited to the following:
 - a. Utilizing old tests, projects, notes or written papers.
 - b. Providing unauthorized information to a fellow student about exam content.
 - c. Receiving unauthorized aid from any source with quizzes, examinations, or other assignments.
 - d. Seeking information in an unacceptable manner during/preceding an exam or other assigned work (cheat sheet, verbal exchange, looking at another person's paper or electronic device, utilizing headphones, using textbook when the test/quiz is not an open book test/quiz, using textbook test bank etc.).
 - e. Consulting with a classmate or others when taking a computerized test.
 - f. Disregarding other specific policies and procedures outlined for a particular class.
 - g. Utilizing unapproved technology/electronic equipment during testing (i.e.: mobile devices such as cell phones, smart devices, or tablets, etc.).
 - h. Using the same Internet Protocol network address (IP address) as another student for testing without approval from the course faculty.
3. The use of any generative artificial intelligence (AI) tool, such as OpenAI's ChatGPT, Google's Bard, or any other pre-trained language model (commonly referred to as "chatbot"), must be cited for any assignment where it has been used and may not be used unless specifically allowed by your instructor. Please see your instructor or the course policies within the syllabus if you have questions.

PURPOSE, LIMITATIONS AND MODIFICATION OF SYLLABUS

This syllabus sets forth the expectations for the course content, work, and grading as well as expectations for student performance and conduct. The syllabus does not constitute a contract between the student and the instructor or the College. The information contained here is subject to change at any time. The instructor reserves the right to modify this syllabus at any time with written notification to the students. Though changes are possible, it is expected that the course will be conducted as described in this syllabus for the semester/year specified in the Course Information section of the syllabus. This syllabus is only valid for the semester/year specified and course requirements are not guaranteed for future semesters.

COURSE GROUND RULES

- Students must attend the first day of on-ground class or contact the instructor prior to the first class. Failure to do this may result in being dropped from the class. Excessive absences may substantially lower the course grade.
- Regular class attendance is a student's obligation for any course regardless of format. (See the Walters State Catalog/Student Handbook). If a student misses class, it is his or her

responsibility to contact the instructor regarding missed assignments and/or activities and to be prepared for the next class assignment.

- Students enrolled in web courses must follow the course attendance policy defined for online attendance during the first week of class and throughout the term. Failure to do this may result in being dropped from the class during week one OR may result in the accrual of absences which may negatively impact the student's grade in the course.
- Students who have not paid fees on time and/or are not correctly registered for this class and whose names do not appear on official class rolls generated by the Walters State student information system (MyWS) will not be allowed to remain in class or receive credit for this course.
- Electronic devices must not disrupt the instructional process or college-sponsored academic activity. Use of electronic devices is prohibited unless use of the device is relevant to the activity and use is sanctioned by the faculty member in charge. Electronic devices that are not relevant to the activity or sanctioned by the faculty member in charge should be set so that they will not produce an audible sound during classroom instruction or other college-sponsored academic activity.

FINANCIAL AID

Students receiving any type of financial aid or scholarship should contact the Financial Aid Office before making any changes to their schedule. Schedule changes without prior approval may result in loss of award for the current term and future terms.

All forms of student Financial Aid may be jeopardized or lost due to the lack of Satisfactory Academic Progress in one or multiple courses. Lack of Satisfactory Academic Progress may negatively impact a student's degree/certificate completion pace and further jeopardize Financial Aid eligibility.

CANCELLATION OF CLASSES AND ACADEMIC CONTINUITY

For information related to the cancellation of classes due to inclement weather or other events, please check the Senators Emergency Text system or the college's Web site at:

or call the college's student information line, 1-800-225-4770, option 1; the Sevier County Campus, (865) 774-5800, option 7; the Niswonger Campus (423) 798-7940, option 7; or the Claiborne County Campus, 423-636-6200, option 7. Also, please monitor local TV and radio stations for further announcements.

When an event or disaster interrupts the scheduled operations of the college and the ability to proceed with the academic course activities as planned, the college and your instructor may alter the course plan outlined in the syllabus. Should an event occur, students should refer to their course e-Learn pages and/or class materials previously delivered to receive guidance from their instructor. Students should continue to monitor the official college channels of communication listed in the above paragraph. If you would like to sign up for the Senators Emergency Text system, please go to the following Web site:
