8. **Managing Care:** Manage care through effective use of prioritization, delegation, informatics and resources.

1. Prioritizes and coordinates the implementation of individualized plans of care.
2. Delegates appropriately aspects of patient care to qualified assistive personnel.
3. Identifies and implements nursing strategies to provide cost effective care.

To achieve the outcomes of the program, graduates will demonstrate safe patient-centered care based on national standards set forth by the National League for Nursing, Quality and Safety Education for Nurses, The Joint Commission, National Patient Safety Goals and the American Nurses Association, Nursing: Scope and Standards of Practice. The ANA standards include the Standards of Practice and Standards of Professional Performance. QSEN has a focus to shape nursing to achieve quality patient care. The NLN broad program outcomes, QSEN, the National Patient Safety Goals and the ANA Standards are components of the classroom are recognized and addressed throughout this capstone course.

QSEN: Quality and Safety Education for Nurses:

The overall goal for the Quality and Safety Education for Nurses (QSEN) project is to meet the challenge of preparing future nurses who will have the knowledge, skills and attitudes (KSAs) necessary to continuously improve the quality and safety of the healthcare systems within which they work.

Patient-Centered Care

1. Recognize the patient and family are in a partnered relationship with their health care providers and should be equipped with relevant information, resources, access, and support to fully engage in and/or direct their health care experience.
2. Develop and integrate an understanding of multiple dimensions of patient-centered care.

Teamwork and Collaboration

1. Function effectively within nursing and multi-disciplinary teams, fostering open and effective communication, mutual respect, and shared decision-making to achieve quality patient care.

Evidence Based Practice

1. Integrate best current evidence with clinical expertise and patient/family preferences and values for delivery of optimal, individualized health care.

Quality Improvement

1. Recognize that improving patient care requires a systematic process of defining problems in order to identify potential causes and develop strategies to improve care. This process requires the ability to measure care and utilizing data to monitor the outcomes of care processes to design and test changes to continuously improve the quality and safety of health care systems.

Safety

1. Deliver safe effective care through an understanding of the complexity of care delivery, the limits of human factors, safety design principles, characteristics of high reliability organizations and patient safety resources.
2. Minimize risk of harm to patients and providers through both system effectiveness and individual performance.

Informatics

1. Use information and technology to communicate, manage knowledge, mitigate error, and support decision-making.

2. Navigate the electronic health record.
3. Utilize electronic health records to access relevant patient information, document, and plan nursing care.
4. Protect confidentiality of protected health information in electronic health records.

Instructional Approach and Methods

Lecture (lecture materials available at the discretion of the faculty). In the event of WSCC school closure, class maybe presented via Microsoft Teams or Zoom video. HESI external testing

Please refer to Student Handbook for specific testing guidelines (proctored and not proctored).

Each student must complete the required proctored exams, assignments, and the proctored HESI exam prior to receiving a grade for the semester. Failure to complete the assigned testing and assignments by the scheduled deadlines will result in an Incomplete "I" for the course. The student must complete all required items to remove the "I" and receive the appropriate grade.

Total Course Points: Total possible course points: 300 points

Exam Schedule: Dates subject to change

Evolve Case Studies

The seven (7) Evolve case studies are self-paced, critical thinking learning modules. They are excellent tools to prepare for class, unit exams, the HESI management and community exams, the HESI exit exams and the NCLEX-RN. The Evolve case studies are recommended for the course.

Standardized External Testing (HESI)

The semester prior to graduation requires numerous external tests. The test is required prior to passing NRSG 2240 and graduation. Failure to complete the required test by the scheduled deadline will result in an "I", incomplete for the course. The student must complete the required testing to remove the "I" and receive the final grade.

Required HESI external test:

1. Nursing Management (55 questions)

HESI Bonus points (course points NOT percentage points)

Score 900-950 1 point added to cumulative course points (not percentage grade)

Score >950 2 points added to cumulative course points (not percentage grade)

Faculty recommends review of community concepts from NRSG 1710. If student is absent on the scheduled HESI testing day, a reschedule will be required, however no bonus points will be awarded for score above 900.

Remediation is expected if the 850 score is not achieved on the HESI exams. Evolve/HESI online resources are the required format for remediation.

Unit Exams (3)	165 Points
Final Exam	100 Points
Assignments	35 Points
Bonus Points Management HESI Exam (up to 2 bonus points)	Scores of 900-950 = 1 point 951 and above = 2 points
Total Course Points	300 Points

Grading Scale

The grade scale will reflect the percentage of the total 300 possible points earned and is as follows:

A	92-100%
B	83-91%
C	78-82%
D	70-77%
F	69% or below

Assignments

Assignment Policies

Assignment instructions and grading rubrics are posted in eLearn.

All assignments are submitted to Dropbox on due date by 0800AM (see Course Calendar for due date). Group teaching presentation outline submitted by 0800AM on due date (see Course Calendar for due date). **Group teaching presentation posted to discussion board in eLearn by 0800AM on presentation day (see Course Calendar for presentation day).** Only one submission to Dropbox. Assignments should be submitted in an accessible format such as PDF document or Word document. HEIC files are not accessible and an unacceptable form of assignment submission. Assignments submitted during class or immediately after class are considered late. Assignments are required for course completion. A grade of "I" Incomplete will remain until assignment/s submitted. All assignments will be submitted and graded via **Dropbox**. Resume/Cover letter and Political Process/Professional Meeting assignments are individual work. Refer to the Academic Program Standards/Policies/Accreditation Information section regarding academic misconduct.

Late Assignments

An assignment may be turned in late provided:

1. the student notified the course faculty prior to the due date: e-mail to Sheila.Williams@ws.edu Deborah.Schwartz@ws.edu

Within 24-hours of being late, the maximum grade will be (C) 78%.

After 24-hours of being late, no assignments will be accepted.

Unacceptable or Incomplete Work

Unacceptable written work may be returned for resubmission. A grade of C (78%) is the highest grade that can be received for a rewritten assignment.

Incompletes will be granted in this course only in cases of serious personal or family illness or other extenuating circumstances clearly beyond student control which prevent completion of assignments by the course deadlines. Documentation may be required.

Group teaching presentation topic will be assigned per instructor.

Class Participation

This course is designed to facilitate classroom participation and discussion. It is an interactive class which requires preparation and critical thinking. Students are encouraged and expected to prepare for class by completing the assigned readings, eLearn/Web activities, case studies, and Evolve activities.

Faculty will notify the student once regarding lack of classroom engagement. If faculty speak with a student a second time, a two (2) point deduction from the final course points may be deducted.

The student is expected to demonstrate professional behavior and language when interacting with course faculty, students, and in group teaching presentations. Failure to do so may result in dismissal from the nursing program.

Academic Program Standards/Policies/Accreditation Information

Program Specific Policies:

Academic Misconduct

The student is expected to complete all the assignments and tests independently. Academic cheating or plagiarism is a violation of the Academic and Classroom Misconduct policy of Walters State Community College. The Academic and Classroom Misconduct policy of Walters State Community College can be found in the College catalog and Student Handbook.

Students must attend the first day of class or contact the course coordinator prior to the first class date. Failure to do this may result in being dropped from the course.

Attendance at class orientation is required.

If the student is absent on the day of orientation, the course coordinator must be notified via phone to the Health Programs Division (585-6981), at least 30 minutes prior to class start time.

Unexcused absences on orientation day (the failure to call ahead and no healthcare provider's written excuse) will result in 5 points being deducted from the total course points for NRS 2240.

Students who stop attending the class during the semester without dropping the course by the drop deadline will be assigned the grade of "F."

Class Recordings:

Parts of a class or entire class meetings may be recorded at faculty discretion and distributed to this class or even future classes for instructional purposes. This means that your questions or class

participation/comments could be part of that recording. If you have concerns or issues with this, please contact course coordinator no later than the end of the second week of class.

Academic Honesty

Faculty expect all students to refrain from acts of academic misconduct including but not limited to:

1. Plagiarism - refers to using another person's ideas or writing without giving proper credit to the original source. Indulging in this type of conduct will subject the student to disciplinary sanctions, which may be imposed through the regular institutional procedures of Walters State Community College as outlined in the Student Handbook. Plagiarism will result in a grade of "0" for the paper/exam/presentation. Student Conduct and Disciplinary Sanctions contained in the college Catalog/Student Handbook apply (see policy 04:18:02 Disciplinary Sanctions).

Plagiarism includes, but is not limited to the following:

- a. Using cut/paste tool from original document with no references given.
 - b. Copying another student's work and submitting it as one's own.
 - c. Forging or otherwise altering signatures.
 - d. Giving or falsifying academic documents or materials.
2. Cheating - construed as attempting to deceive or mislead which includes, but is not limited to the following:
 - a. Utilizing old tests, projects, notes or written papers.
 - b. Providing unauthorized information to a fellow student about exam content.
 - c. Receiving unauthorized aid from any source with quizzes, examinations, or other assignments.
 - d. Seeking information in an unacceptable manner during/preceding an exam or other assigned work (cheat sheet, verbal exchange, looking at another person's paper or electronic device, utilizing headphones, using textbook when the test/quiz is not an open book test/quiz, using textbook test bank etc.).
 - e. Consulting with a classmate or others when taking a computerized test.
 - f. Disregarding other specific policies and procedures outlined for a particular class.
 - g. Utilizing unapproved technology/electronic equipment during testing (i.e.: mobile devices such as cell phones, smart devices, or tablets, etc.).
 - h. Using the same Internet Protocol network address (IP address) as another student for testing without approval from the course faculty.

3. The use of any generative artificial intelligence (AI) tool, such as OpenAI's ChatGPT, Google's Bard, or any other pre-trained language model (commonly referred to as "chatbot"), must be cited for any assignment where it has been used and may not be used unless specifically allowed by your instructor. Please see your instructor or the course policies within the syllabus if you have questions.

PURPOSE, LIMITATIONS AND MODIFICATION OF SYLLABUS

This syllabus sets forth the expectations for the course content, work, and grading as well as expectations for student performance and conduct. The syllabus does not constitute a contract between the student and the instructor or the College. The information contained here is subject to change at any time. The instructor reserves the right to modify this syllabus at any time with written

notification to the students. Though changes are possible, it is expected that the course will be conducted as described in this syllabus for the semester/year specified in the Course Information section of the syllabus. This syllabus is only valid for the semester/year specified and course requirements are not guaranteed for future semesters.

COURSE GROUND RULES

- Students must attend the first day of on-ground class or contact the instructor prior to the first class. Failure to do this may result in being dropped from the class. Excessive absences may substantially lower the course grade.
- Regular class attendance is a student's obligation for any course regardless of format. (See the Walters State Catalog/Student Handbook). If a student misses class, it is his or her responsibility to contact the instructor regarding missed assignments and/or activities and to be prepared for the next class assignment.
- Students enrolled in web courses must follow the course attendance policy defined for online attendance during the first week of class and throughout the term. Failure to do this may result in being dropped from the class during week one OR may result in the accrual of absences which may negatively impact the student's grade in the course.
- Students who have not paid fees on time and/or are not correctly registered for this class and whose names do not appear on official class rolls generated by the Walters State student information system (MyWS) will not be allowed to remain in class or receive credit for this course.
- Electronic devices must not disrupt the instructional process or college-sponsored academic activity. Use of electronic devices is prohibited unless use of the device is relevant to the activity and use is sanctioned by the faculty member in charge. Electronic devices that are not relevant to the activity or sanctioned by the faculty member in charge should be set so that they will not produce an audible sound during classroom instruction or other college-sponsored academic activity.

FINANCIAL AID

Students receiving any type of financial aid or scholarship should contact the Financial Aid Office before making any changes to their schedule. Schedule changes without prior approval may result in loss of award for the current term and future terms.

All forms of student Financial Aid may be jeopardized or lost due to the lack of Satisfactory Academic Progress in one or multiple courses. Lack of Satisfactory Academic Progress may negatively impact a student's degree/certificate completion pace and further jeopardize Financial Aid eligibility.

CANCELLATION OF CLASSES AND ACADEMIC CONTINUITY
