# Assignments

## Assignments and Projects:

*Tarea (Assignments):* On due dates indicated on the course calendar, please have all indicated HW activities completed and submitted to the correct folder in Assignments. You will need to type your answers into a word document and save it as an .rtf (rich text file) or .doc or .docx file.

*Audio Recordings:* You will be assigned oral recordings for each chapter/topic covered. All oral recordings must be in Spanish. These oral recordings will need to be submitted to the appropriate Assignment folder by the due date. Oral animations will be graded on your completion of assigned tasks, grammar, pronunciation, and vocabulary. You will be asked to submit an introduction recording to make sure that your audio recording program is compatible with what the instructor can access. It is recommended that you save your file as an .mp3, .mp4, .wav, or .ogg.

*Animations:* You will be assigned two animation projects that will require you to go beyond your oral recordings. These will require pictures, subtitles or captions, as well as a voice over that you will record. An instructional video is provided to help you use the various technologies available.

*Proyecto Final (Final Project):* For the final project, you will work with a partner to create an original dialogue that shows your mastery of the material covered in the course throughout the semester. Each person will need to submit a written copy of the script that you create as well as an audio recording where you “act out” the script. These should be the same for each person in the group, but each person must submit the items to the Final Project dropbox. More detailed instructions can be found in the module.

*Pruebas (Quizzes):* There are ?? quizzes in this course. Each quiz may consist of matching, multiple-choice, fill-in-the-blank, short-answer, and long answer questions. All quizzes are located under the “Quizzes” tab. The due dates for the quizzes are listed on the course calendar. Quizzes will test your comprehension of the vocabulary and grammar presented in each chapter.

*Exámenes (Tests):* You will have a mid-term and a final exam. Both of these exams will have to be proctored, either by your institution’s testing center or online via ProctorU. These will be comprehensive exams that will cover all of the material covered up to that date in the course. Review sheets will be provided for study purposes the week before the test is scheduled to occur.

## Class Participation

Spanish class is interactive and requires much pair and group work. Also, the main language of communication during class is Spanish. This subjective grade assesses the student's willingness to participate in this unconventional and sometimes stressful environment. Participation can also occur outside of the classroom in communication with the instructor and visits with the instructor.

Participation in the course requires completion of the weekly assignments and activities.

## Course and Class Policies/Procedures

\*If you need to reach me quickly, please use my email address or by text.

\*I will respond to all emails/phone calls within 24 hours, except on weekends/holidays when it may take 48 hours. Thus, I would recommend that you do not wait until the last minute to complete the weekly work since, if you have a problem, I may not be able to reply before the due date.

\*Graded work will be visible under the "Grades" tab in eLearn usually within one week of the work being turned in.

\*Netiquette – I expect all students (and myself) to be respectful when communicating with each other or with me during this class. Please do not post anything offensive or insulting. I want this to be an encouraging learning experience. You are also not to use any personal information shared in this class with others outside the class. That being said, don't share anything too personal with the class unless you are willing for it to be public knowledge. If you need to discuss something with me privately, then use the email listed above and not the discussion board format.

\*Virtual office hours – During my virtual office hours I will be online. I will be available during my virtual office hours live and in person if you wish to speak with me after the first week of class. \*If you have trouble viewing or hearing any of the videos, try opening them using a different web browser. If you continue to have problems, please let me know as soon as possible.

## Online/Web-Enhanced Course Supplementary Information

**This is a web only course, thus, students must have access to a computer with an internet connection faster than dial-up as well as a microphone. If the student or instructor wishes to meet in person, either party may request a meeting to be scheduled at a time when both can meet.**

## Academic Program Standards/Policies/Accreditation Information

Use of an online translator to translate a sentence, paragraph, or document from English into Spanish or from Spanish into English is considered cheating and any activity using an online translator to complete a majority of the assignment will be given a grade of 0. Online translators can ONLY be used as a dictionary to look up individual words or short 2-3 word phrases.

## Academic Honesty

Faculty expect all students to refrain from acts of academic misconduct including but not limited to:

1. Plagiarism - refers to using another person's ideas or writing without giving proper credit to the original source. Indulging in this type of conduct will subject the student to disciplinary sanctions, which may be imposed through the regular institutional procedures of Walters State Community College as outlined in the Student Handbook. Plagiarism will result in a grade of "0" for the paper/exam/presentation. Student Conduct and Disciplinary Sanctions contained in the college Catalog/Student Handbook apply (see policy 04:18:02 Disciplinary Sanctions).

Plagiarism includes, but is not limited to the following:

- a. Using cut/paste tool from original document with no references given.
  - b. Copying another student's work and submitting it as one's own.
  - c. Forging or otherwise altering signatures.
  - d. Giving or falsifying academic documents or materials.
2. Cheating - construed as attempting to deceive or mislead which includes, but is not limited to the following:
    - a. Utilizing old tests, projects, notes or written papers.
    - b. Providing unauthorized information to a fellow student about exam content.
    - c. Receiving unauthorized aid from any source with quizzes, examinations, or other assignments.
    - d. Seeking information in an unacceptable manner during/preceding an exam or other assigned work (cheat sheet, verbal exchange, looking at another person's paper or electronic device, utilizing headphones, using textbook when the test/quiz is not an open book test/quiz, using textbook test bank etc.).
    - e. Consulting with a classmate or others when taking a computerized test.
    - f. Disregarding other specific policies and procedures outlined for a particular class.
    - g. Utilizing unapproved technology/electronic equipment during testing (i.e.: mobile devices such as cell phones, smart devices, or tablets, etc.).
    - h. Using the same Internet Protocol network address (IP address) as another student for testing without approval from the course faculty.

3. The use of any generative artificial intelligence (AI) tool, such as OpenAI's ChatGPT, Google's Bard, or any other pre-trained language model (commonly referred to as "chatbot"), must be cited for any assignment where it has been used and may not be used unless specifically allowed by your instructor. Please see your instructor or the course policies within the syllabus if you have questions.

### **PURPOSE, LIMITATIONS AND MODIFICATION OF SYLLABUS**

This syllabus sets forth the expectations for the course content, work, and grading as well as expectations for student performance and conduct. The syllabus does not constitute a contract between the student and the instructor or the College. The information contained here is subject to

change at any time. The instructor reserves the right to modify this syllabus at any time with written notification to the students. Though changes are possible, it is expected that the course will be conducted as described in this syllabus for the semester/year specified in the Course Information section of the syllabus. This syllabus is only valid for the semester/year specified and course requirements are not guaranteed for future semesters.

## **COURSE GROUND RULES**

- Students must attend the first day of on-ground class or contact the instructor prior to the first class. Failure to do this may result in being dropped from the class. Excessive absences may substantially lower the course grade.
- Regular class attendance is a student's obligation for any course regardless of format. (See the Walters State Catalog/Student Handbook). If a student misses class, it is his or her responsibility to contact the instructor regarding missed assignments and/or activities and to be prepared for the next class assignment.
- Students enrolled in web courses must follow the course attendance policy defined for online attendance during the first week of class and throughout the term. Failure to do this may result in being dropped from the class during week one OR may result in the accrual of absences which may negatively impact the student's grade in the course.
- Students who have not paid fees on time and/or are not correctly registered for this class and whose names do not appear on official class rolls generated by the Walters State student information system (MyWS) will not be allowed to remain in class or receive credit for this course.
- Electronic devices must not disrupt the instructional process or college-sponsored academic activity. Use of electronic devices is prohibited unless use of the device is relevant to the activity and use is sanctioned by the faculty member in charge. Electronic devices that are not relevant to the activity or sanctioned by the faculty member in charge should be set so that they will not produce an audible sound during classroom instruction or other college-sponsored academic activity.

## **FINANCIAL AID**

Students receiving any type of financial aid or scholarship should contact the Financial Aid Office before making any changes to their schedule. Schedule changes without prior approval may result in loss of award for the current term and future terms.

All forms of student Financial Aid may be jeopardized or lost due to the lack of Satisfactory Academic Progress in one or multiple courses. Lack of Satisfactory Academic Progress may negatively impact a student's degree/certificate completion pace and further jeopardize Financial Aid eligibility.

## **CANCELLATION OF CLASSES AND ACADEMIC CONTINUITY**

For information related to the cancellation of classes due to inclement weather or other events, please check the Senators Emergency Text system or the college's Web site at:
