### Required Textbook(s) and Materials

**Managerial Accounting (ebook with McGraw Hill Connect)**

**Authors:** John Wild and Ken Shaw

**Publisher:** McGraw-Hill

**Edition:** 8

**Additional Information**

This course is participating in the Digital Engagement Initiative (DEI), which automatically attaches a digital textbook (ebook) to your class.

**The cost of the digital textbook is included in your tuition and fees automatically through your Walters State account.** The digital textbook for this course includes access to McGraw-Hill Connect, where you will complete your assignments for this course. More information will be provided during the first class meeting.

## Supplemental or Optional Materials

A loose-leaf copy of the textbook is optional and available in the Walters State bookstore.

## Student Learning Outcomes/Objectives

- Develop an understanding of the nature of managerial accounting and the assumptions and measurement techniques involved in developing and communication of managerial accounting information.
- Develop the ability to apply managerial accounting techniques to business planning and control decisions.

## Instructional Approach and Methods

**Instructional Approach:** This course will be taught via online, asynchronous instruction.

Students will watch Lecture Videos via Youtube which include a discussion of the material and examples of solving accounting exercises and problems. Additionally, students will complete assignments and assessments using the McGraw Hill Connect platform. **See the "How to Register for Connect" section in eLearn Content for instructions on using McGraw-Hill Connect.**

**Minimum Technology Requirements:** Each student will need a computer with webcam, microphone and internet access for this course. If you need a computer, you may be able to check a laptop out from the Library. You can visit the Library's Equipment Checkout page here: <https://library.ws.edu/c.php?g=181040&p=1191972> or call the Library at 423-585-6903. If you do not have internet access, you can utilize Walters State's WiFi in the library, computer labs, common areas and even from your car in designated parking areas. You can view maps of the

designated parking areas here: <https://www.ws.edu/coronavirus/resources/#wifi-access> ([opens in new window](#)).

**Course-related eLearn Tools:** This course requires the use of the following tools in eLearn: News, Content, and Email. You can view tutorial videos for eLearn here: [eLearn for Students](#) ([opens in new window](#)).

**Other Course-related Technologies:** Students in this course will also use McGraw-Hill Connect, Proctorio, Microsoft Teams, and Microsoft PowerPoint. Instructions, as necessary for this course, will be provided on each of these technologies in eLearn.

## Assessment, Evaluation and Testing Procedures

All graded components of the course are completed through the McGraw-Hill Connect web-based assignment and assessment platform.

Assignment / Assessment Type	Grading Weight
Concept overview video assignments with questions	5%
Smartbook reading assignments with questions	15%
Homework assignments	25%
Chapter quizzes	10%
Chapter exams, proctored by Proctorio	30%
Comprehensive final examination, proctored by Proctorio	15%

**Scores for Chapter Quizzes and Chapter Exams** will be available on McGraw-Hill Connect the Friday following the assignment due date at 12:01a.m.

**The Final Examination is mandatory.** You must take the final examination to pass the class. Exceptions to this policy requires instructor approval in advance.

**Chapter Exams and the Final Examination will be proctored by Proctorio** and require an [internet connection, webcam and microphone](#). Proctorio runs as an extension in your Chrome browser while taking proctored assignments. Virtual machines and proxy connections will not work. More information about Proctorio will be provided in eLearn. Also, see [Minimum Technology Requirements](#) section above for information on obtaining the necessary equipment should you need it.

**Students must earn no less than 50% of the credit available on quizzes and exams in order to pass the class. Failure to complete quizzes and exams may cause you to fail the class.**

**Failure to complete the weekly assignments** will have considerable negative impact on your overall course grade.

All assignments must be completed by their due dates. See the **Late Submission Policy** below for more information on assignments completed after their due dates.

## Grading Scale

A	90% or higher of Grading Weight
B	80-89% of Grading Weight
C	70-79% of Grading Weight
D	60-69% of Grading Weight
F	Below 60% of Grading Weight

## Assignments

**An Assignment schedule will be provided in eLearn Content in the "Orientation: Start Here and Introductory Assignments" module.** The Assignment Schedule shows the recommended order to complete the activities for each chapter and the due dates for each of the graded assignments. Also, see the Late Submission Policy below for additional information about submitting assignments.

There are several introductory assignments which will help familiarize you with the McGraw-Hill Connect platform and the proctoring software, Proctorio.

After the introductory assignments, there will be five graded assignments due for each chapter:

- Concept overview video assignments with questions
- Smartbook reading assignment with questions
- Homework problems and exercises
- Chapter quiz
- Chapter examination, proctored by Proctorio

**Assignment due dates will occur every 2-3 days with one entire chapter being completed every 5 days.** This means that assignments will be due throughout the week. **If weekday due dates are a problem for you, I encourage you to schedule an appointment with me ASAP.** We can discuss the schedule and consider possible solutions. Assignments must be completed, but I am willing to discuss timing of those assignments to ensure your success in the course.

There will be a review of ACCT 1010 (Appendix D) plus 11 chapters of managerial accounting covered during the semester:

1. Managerial Accounting Concepts and Principles
2. Job Order Costing and Analysis
3. Process Costing and Analysis
4. Activity-Based Costing and Analysis
5. Cost Behavior and Cost-Volume-Profit Analysis
6. Variable Costing and Analysis
7. Master Budgets and Performance Analysis
8. Flexible Budgets and Standard Costs
9. Performance Measurement and Responsibility Accounting
10. Relevant Costs for Managerial Decisions
11. Capital Budgeting and Investment Analysis

## Late Submission Policy

Every assignment has a due date. Students are expected to submit assignments on or before the assigned due date. Each assignment (other than Smartbook, see below) **must be submitted by clicking the "Submit" button** within the assignment in McGraw-Hill Connect. If you do not click the "Submit" button, the assignment will NOT be submitted to the instructor. See the Assignment Schedule above for assignment due dates.

Assignments submitted **after the due date will receive a 10% per day reduction of the score**. For example, you complete an assignment with 80% accuracy and submit it one day late, your grade will be 72% (10% penalty = 8 percentage points). If you submit the assignment two days late, your grade will be 64% (20% penalty = 16 percentage points).

McGraw-Hill Connect automatically calculates this penalty and reports your assignment grade accordingly.

Excessive late assignment submittals will have a significant negative effect on your overall course grade.

The Smartbook software does not have a "Submit" button and will automatically submit your Smartbook assignment at 11:59pm on the due date. If requested, you will be allowed up to **three (3) time extensions for Smartbook assignments**. You must request the extension **via your Senators email**.

**No late submissions will be accepted for any assignment after August 3, 2023.**

**Feedback on Quizzes and Exams:** As quizzes and exams can be submitted late automatically, students will not receive immediate feedback after submitting the assignment. Feedback will be released after all students have completed the quiz and exam. As this class is fast-paced and you may want to have your score and the detailed feedback without waiting, **I will be happy to provide that feedback to you individually if you will email me or schedule an appointment to go over the quiz and exam for the chapter.**

Exceptions to this policy will only be made in the event of extreme extenuating circumstances. Extreme extenuating circumstances will be determined at the discretion of the instructor.

## Class Participation

**Students will be considered as having attended the class for the first time once they have registered for McGraw-Hill Connect. Students need to register for McGraw-Hill Connect no later than June 2, 2023.** Students not registered by June 2, 2023, will be reported as not attending the class. See the "How to Register for Connect" section in eLearn Content for instructions. On-going class participation and attendance will be established based on completion of assignments.

## Online/Web-Enhanced Course Supplementary Information

### Virtual Office Hours

The instructor may be contacted as follows:

1. Via eLearn or by **email** at any time and the instructor will generally respond within 24 hours.
2. By **phone** at (423) 585-6979; leave a message with your name, phone number and a good time to call back.
3. **Microsoft Teams Chat** at any time and the instructor will generally respond within 24 hours.
4. **Microsoft Teams virtual appointment.** Schedule an appointment [here \(opens in new window\)](#). If you cannot find a time that works with your schedule, email me and I will do my best to accommodate your scheduling needs.

### Technical Support

1. WSCC IET Helpdesk: Email [helpdesk@ws.edu](mailto:helpdesk@ws.edu)
2. McGraw-Hill Connect Tech Support: <https://mhedu.force.com/CXG/s/ContactUs> ([opens in new window](#)).

### Web Addresses/Resources

All necessary web addresses will be provided in eLearn Content.

### Guideline for Communication: Email, Discussion Posts, Chat

When emailing the instructor, students should observe the following guidelines:

- Give your message a subject that includes your class and section (for example, ACCT 1010, web).
- Write your message in proper letter form with a greeting and signature that includes both your first and last name.
- Be detailed in your request. For example, if you need help with an assignment, specifically state which chapter, which assignment and which question you need assistance with. Also, specifically state what you do not understand. "Help" or "I don't know how to do this" is not specific enough.
- Please give me 24 hours to respond before you re-send an email with the same request.

When participating in discussion boards, students should observe the following guidelines:

- Do not use all capital letters.
- Avoid sarcasm and subtleties. Be clear and straightforward.
- Be truthful.
- Use appropriate language. Avoid use of jargon or offensive language.
- Do not post messages that are irrelevant to the assignment.

- Do not post, display, or otherwise provide access to materials belonging to others.
- Cite references as appropriate.
- Be positive. It's good to express your opinions in discussions, but don't make disagreements personal. Agree to disagree in your exchanges of information and opinions.
- Be aware of cultural differences. Avoid posts and responses that have references to people in other cultures.
- Spell it out. Trendy abbreviated spellings (i.e. "texting" language) are best left outside of online classrooms.
- Remember everything you post is recorded.

## Academic Honesty

Faculty expect all students to refrain from acts of academic misconduct including but not limited to:

1. Plagiarism - refers to using another person's ideas or writing without giving proper credit to the original source. Indulging in this type of conduct will subject the student to disciplinary sanctions, which may be imposed through the regular institutional procedures of Walters State Community College as outlined in the Student Handbook. Plagiarism will result in a grade of "0" for the paper/exam/presentation. Student Conduct and Disciplinary Sanctions contained in the college Catalog/Student Handbook apply (see policy 04:18:02 Disciplinary Sanctions).  
Plagiarism includes, but is not limited to the following:
  - a. Using cut/paste tool from original document with no references given.
  - b. Copying another student's work and submitting it as one's own.
  - c. Forging or otherwise altering signatures.
  - d. Giving or falsifying academic documents or materials.
2. Cheating - construed as attempting to deceive or mislead which includes, but is not limited to the following:
  - a. Utilizing old tests, projects, notes or written papers.
  - b. Providing unauthorized information to a fellow student about exam content.
  - c. Receiving unauthorized aid from any source with quizzes, examinations, or other assignments.
  - d. Seeking information in an unacceptable manner during/preceding an exam or other assigned work (cheat sheet, verbal exchange, looking at another person's paper or electronic device, utilizing headphones, using textbook when the test/quiz is not an open book test/quiz, using textbook test bank etc.).

- e. Consulting with a classmate or others when taking a computerized test.
- f. Disregarding other specific policies and procedures outlined for a particular class.
- g. Utilizing unapproved technology/electronic equipment during testing (i.e.: mobile devices such as cell phones, smart devices, or tablets, etc.).
- h. Using the same Internet Protocol network address (IP address) as another student for testing without approval from the course faculty.

## **College Policies**

### **STUDENTS HANDBOOK AS OFFICIAL GOVERNING DOCUMENT**

This class is governed by the policies and procedures stated in the current Walters State Community College Student Handbook. All students attending Walters State Community College, regardless of the time, location, or format of the class, must abide by the rules and regulations outlined in the current Walters State Catalog/Student Handbook and the current Walters State Timetable of Classes.

[Walters State Catalog \(opens in new window\).](https://www.waltersstate.edu/catalog/)  
[catalog.ws.edu/](https://www.waltersstate.edu/catalog/)

[Walters State Timetable of Classes \(opens in new window\).](https://www.waltersstate.edu/admissions/registration/)  
[ws.edu/admissions/registration/](https://www.waltersstate.edu/admissions/registration/)

### **PURPOSE, LIMITATIONS AND MODIFICATION OF SYLLABUS**

This syllabus sets forth the expectations for the course content, work, and grading as well as expectations for student performance and conduct. The syllabus does not constitute a contract between the student and the instructor or the College. The information contained here is subject to change at any time. The instructor reserves the right to modify this syllabus at any time with written

notification to the students. Though changes are possible, it is expected that the course will be conducted as described in this syllabus for the semester/year specified in the Course Information section of the syllabus. This syllabus is only valid for the semester/year specified and course requirements are not guaranteed for future semesters.

### **COURSE GROUND RULES**

- Students must attend the first day of on-ground class or contact the instructor prior to the first class. Failure to do this may result in being dropped from the class. Excessive absences may substantially lower the course grade.
- Regular class attendance is a student's obligation for any course regardless of format. (See the Walters State Catalog/Student Handbook). If a student misses class, it is his or her responsibility to contact the instructor regarding missed assignments and/or activities and to be prepared for the next class assignment.
- Students enrolled in web courses must follow the course attendance policy defined for online attendance during the first week of class and throughout the term. Failure to do this may result in being dropped from the class during week one OR may result in the accrual of absences which may negatively impact the student's grade in the course.
- Students who have not paid fees on time and/or are not correctly registered for this class and whose names do not appear on official class rolls generated by the Walters State student information system (MyWS) will not be allowed to remain in class or receive credit for this course.
- Electronic devices must not disrupt the instructional process or college-sponsored academic activity. Use of electronic devices is prohibited unless use of the device is relevant to the activity and use is sanctioned by the faculty member in charge. Electronic devices that are not relevant to the activity or sanctioned by the faculty member in charge should be set so that they will not produce an audible sound during classroom instruction or other college-sponsored academic activity.

### **FINANCIAL AID**

Students receiving any type of financial aid or scholarship should contact the Financial Aid Office before making any changes to their schedule. Schedule changes without prior approval may result in loss of award for the current term and future terms.

All forms of student Financial Aid may be jeopardized or lost due to the lack of Satisfactory Academic Progress in one or multiple courses. Lack of Satisfactory Academic Progress may negatively impact a student's degree/certificate completion pace and further jeopardize Financial Aid eligibility.

### **CANCELLATION OF CLASSES AND ACADEMIC CONTINUITY**

For information related to the cancellation of classes due to inclement weather or other events, please check the Senators Emergency Text system or the college's Web site at:
