Assessment, Evaluation and Testing Procedures

Each assessment will be announced at least one class meeting in advance. Students who have excused absences should electronically turn in assignments by the due date listed unless otherwise approved by the instructor. The time and date of make-up testing must be established prior to the testing date.

Grading Scale

---	---------

B	81-90.9%
C	71-80.9%
D	61-70.9%
F	0-60.9%

Assignments

Assignments and projects will be assigned throughout the semester. It is the student's responsibility to keep up with class assignments, projects and due dates. For assignments/projects, the student should check the class page in e-learn or see the instructor for further explanation.

Class Participation

Class participation is critical in student learning. It is important that the student check eLearn frequently for updates from the instructor. The student should also make every effort to stay current with the posted assignments and activities. If a question arises, the student should reach out to the instructor.

Because of the nature of this course with open discussion topics, regular participation is required, and everyone is expected to participate in discussions or class presentations in order to receive full credit. Every effort will be made to keep the topics interesting. Some topics will be controversial, but the student is expected to approach the discussions with an open mind and in an objective manner. All students are expected to attend every class. All written assignments must be typed. Excessive absences may substantially lower the semester grade. The college requires the instructor to keep accurate records and to report when students are not attending class.

Course and Class Policies/Procedures

Students who have excused absences are expected to do make-up work upon returning to school and such work must be completed within 7 days of the absence. Exceptions to this rule must be discussed with and cleared by the instructor BEFORE the deadline. Examples of excused absences include, but are not limited to, personal illness, illness of a spouse, child, or close family member, bereavement, and pre-approved school functions. Documentation is required in all cases. Faculty are not obligated to allow students to make up work missed due to unexcused absences.

Additional Course Requirements/Details/Information

Unless otherwise noted by the instructor, students will be required to use Respondus Lockdown browser when completing tests.
