

## Walters State Community College Course Syllabus

### Course Information

**Course Number and Name:** MATH 0030 Mathematics Learning Support

**Section ID:** 80981.202380

**Semester and Year:** Fall 2023

**Credit Hours:** 3

**Start Date:** August 21, 2023

**End Date:** December 08, 2023

**Course Format:** CON - Conventional Methodology

**Catalog Course Description:** A Learning Support Mathematics course including the topics of Real number sense, algebraic operations, analysis of linear equations and inequalities, systems of equations and systems of inequalities. Placement in the course is based on the college assessment and placement procedures. Corequisite: If placed in Math 0030, then students required to take MATH 1030, MATH 1530, or MATH 1630 must be jointly enrolled in Math 0030. **F, S, SU** 3 credit

**Meeting Details:** MW; 02:20PM - 03:45PM; MBSS 225

**Course Drop Deadline:** October 27, 2023

### Instructor Information

**Name:** Mitzi Brown

**Office Location:** Main

**Office Hours:** N/A

**Office Phone:** N/A

**Email:** Mitzi.Brown@ws.edu

**Supervisor Name:** Chris Knight

**Supervisor Phone:** 423-585-6879

**Secretary Name:** Tammy Holt

**Secretary Phone:** 423-585-6864

### Required Textbook(s) and Materials

## Elementary Algebra 2e

**Authors:** OpenStax

### Additional Information

The following technology is required:

- 1) TI-84 calculator
- 2) myOpenMath student access (free)

Note: Elementary 2e (free) is available in web view or pdf from [openstax.org](https://openstax.org)

## Student Learning Outcomes/Objectives

- CO 1: Real Number Sense and Operations
  - 1.1 Apply the order of operations to evaluate expressions.
  - 1.2 Perform operations with rational numbers. Determine the other equivalent forms of the number when given a fraction, decimal or percent.
  - 1.3 Identify and calculate with irrational numbers (no need to numerically simplify radical expressions).
  - 1.4 Recognize and apply magnitude (absolute value) and ordering of real numbers.
  - 1.5 Solve real-world application problems, such as applying percent and expressing scientific notation.
- CO 2: Operations with Algebraic Expressions (including polynomials)
  - 2.1 Identify and simplify like terms
  - 2.2 Evaluate algebraic expressions when given values for the variables.
  - 2.3 Use the distributive law to write equivalent expressions.
  - 2.4 Add, subtract and multiply polynomials.
  - 2.5 Simplify an expression involving integer exponents using the rules for exponents (no negative exponents).
  - 2.6 Solve real-world application problems.
- CO 3: Analyze Graphs (emphasis on linear functions and graphs, including inequalities)
  - 3.1 Create a table of values and a graph for a given relation (may not be linear)

- 3.2 Identify and interpret rate of change.
- 3.3 Use and interpret function notation.
- 3.4 Analyze the graph of a linear function identifying the x-intercepts, y-intercepts and slope.
- 3.5 Graph a linear equation in two variables using ordered pairs, using the x-intercept and the y-intercept and using the slope and the y-intercept.
- 3.6 Write a linear equation in two variables when given information about its graph.
- 3.7 Solve real-world application problems.
- CO 4: Solve Equations (emphasis on linear equations/inequalities)
  - 4.1 Solve a linear equation in one variable.
  - 4.2 Solve a linear inequality in one variable and graph the solutions.
  - 4.3 Solve formulas and linear equations for a specified variable.
  - 4.4 Solve proportions that simplify to linear expressions.
  - 4.5 Solve real-world application problems.
- CO 5: Modeling and Critical Thinking (systems)
  - 5.1 Solve a system of equations by applying graphical methods (may be nonlinear)
  - 5.2 Solve a system of linear equations by applying algebraic methods (using substitution or elimination)
  - 5.3 Graph compound linear inequalities.
  - 5.4 Solve real-world application problems.

## Instructional Approach and Methods

Students are responsible for acquiring all equipment (computer, calculator) that is necessary for the course. Students are also responsible for making sure that their equipment is compatible with all of the learning environments (eLearn, myOpenMath and Microsoft Teams) utilized in this course.

This course requires proctored exams. Students will be required to complete all exams in person on campus. Students are required to show all their work on exams, and they will be required to use a pencil to complete the exam.

Due to the possibility of on campus classes being cancelled the student will need to check eLearn for assignments/videos that will need to be completed before the next class.

## Assessment, Evaluation and Testing Procedures

### QUIZZES (10%)

Quizzes will be given using MyOpenMath. Quizzes must be completed by the due date and time. Failure to do so will result in the student receiving a zero for that quiz. There will only be one attempt allowed per quiz. Quizzes will not be reopened once the due date has passed. Quizzes will need to be completed by 11:00 p.m. (Eastern Time).

### EXAMS (60%)

There will be three in-class exams over the course material. Students must complete each exam in person on campus on the scheduled exam date. (Any exam that is completed prior to the scheduled exam date must be arranged with the instructor in advance.) If a student misses an exam the student will need to contact the professor to schedule a time to make up the exam. This needs to be scheduled within a week of the missed exam.

### FINAL EXAM (20%)

There will be a comprehensive final exam. Students must complete the Final Exam in person on campus on the scheduled exam date (there will be no make-up exams). The in-class exam with the lowest score will be replaced by the final exam score only if the final exam score is higher. In this case, the final exam score will count twice.

Students are not allowed to share calculators, use cell phones, laptops, tablets or any other electronic device during exams.

## Grading Scale

A	90 - 100%
B	80 - 89%
C	70 - 79%
F	0 - 69%

Final Average =  $0.10(\text{Homework Average}) + 0.10(\text{Quiz Average}) + 0.60(\text{Exam Average}) + 0.20(\text{Final Exam})$

All homework assignments, quizzes and exam scores will be posted in eLearn. The final average calculated and shown in eLearn will be the final grade for the course. Students will have an unlimited attempt on homework problems (up to the due date) and are allowed to use class notes while taking their quizzes therefore there will be no extra credit offered for this class.

## Assignments

### HOMEWORK (10%)

Students will complete homework assignments in MyOpenMath. Each homework problem will have an unlimited number of attempts up to the due date. **The deadline to complete homework assignments in MyOpenMath is at 11:30 p.m. (Eastern Time Zone) on the due date. Each unit of homework will be due the night before the exam.** No additional extensions will be granted on homework assignments (no exceptions). Any homework that is not attempted by the due date will receive a score of zero. The assignments will not be opened back up once the due date has passed (no exceptions). Having someone else complete your homework assignments is considered cheating.

If a student is absent from class, they can refer to the tentative schedule to find out what lesson was missed that day. I suggest scheduling a session with Beth Dixon, the math tutor. This can be a virtual session or an in-person session.

## Class Participation

Completing homework assignments, quizzes and exams by the due dates is mandatory for success in this course.

Students are expected to attend all regular scheduled class meetings in person on the Morristown campus. Attendance will be taken at each class meeting.

Students are not allowed to access cell phones during an exam or during class. Such use may result in the student receiving a zero for the exam. The cell phone cannot be used as your calculator.

Students will need to provide their own calculator (calculators are not provided). The students can check out a calculator at the library while they are available.

## Course and Class Policies/Procedures

Being successful in class requires coming to class prepared. You will need your lecture guides to help you as the lesson is taught.

Class attendance and completing homework assignments are both critical to your understanding of the course material and your ability to apply this material. Study groups are highly recommended to help with the understanding of the material. Find a study partner in the class and check in regularly with that person.

You should set aside time to study, go over class notes and complete the homework.

Check eLearn on a regular basis as I post NEWS items and send emails.

Seek out help whenever you find yourself getting behind or have trouble with concepts developed in class. Additional help is available through the Math Lab which is available to all students free of charge.

## Online/Web-Enhanced Course Supplementary Information

### Web Addresses:

eLearn (opens in a new window): <https://elearn.ws.edu/d2l/home>

myOpenMath (opens in a new window): <https://www.myopenmath.com/>

### Technical Support:

Walters State Helpdesk (opens in a new window): <https://helpdesk.ws.edu/>

Morristown Campus, CCEN 303

423-318-2742

myOpenMath Support (opens in a new window): <https://openstax.secure.force.com/help>

## Additional Course Requirements/Details/Information

The preferred method of communication is through **eLearn email**. The instructor will respond to emails and phone messages within 24 hours during the week and within 48 hours on the weekend.

# Academic Honesty

Faculty expect all students to refrain from acts of academic misconduct including but not limited to:

1. Plagiarism - refers to using another person's ideas or writing without giving proper credit to the original source. Indulging in this type of conduct will subject the student to disciplinary sanctions, which may be imposed through the regular institutional procedures of Walters State Community College as outlined in the Student Handbook. Plagiarism will result in a grade of "0" for the paper/exam/presentation. Student Conduct and Disciplinary Sanctions contained in the college Catalog/Student Handbook apply (see policy 04:18:02 Disciplinary Sanctions). Plagiarism includes, but is not limited to the following:
  - a. Using cut/paste tool from original document with no references given.
  - b. Copying another student's work and submitting it as one's own.
  - c. Forging or otherwise altering signatures.
  - d. Giving or falsifying academic documents or materials.
2. Cheating - construed as attempting to deceive or mislead which includes, but is not limited to the following:
  - a. Utilizing old tests, projects, notes or written papers.
  - b. Providing unauthorized information to a fellow student about exam content.
  - c. Receiving unauthorized aid from any source with quizzes, examinations, or other assignments.
  - d. Seeking information in an unacceptable manner during/preceding an exam or other assigned work (cheat sheet, verbal exchange, looking at another person's paper or electronic device, utilizing headphones, using textbook when the test/quiz is not an open book test/quiz, using textbook test bank etc.).
  - e. Consulting with a classmate or others when taking a computerized test.
  - f. Disregarding other specific policies and procedures outlined for a particular class.
  - g. Utilizing unapproved technology/electronic equipment during testing (i.e.: mobile devices such as cell phones, smart devices, or tablets, etc.).
  - h. Using the same Internet Protocol network address (IP address) as another student for testing without approval from the course faculty.
3. The use of any generative artificial intelligence (AI) tool, such as OpenAI's ChatGPT, Google's Bard, or any other pre-trained language model (commonly referred to as "chatbot"), must be cited for any assignment where it has been used and may not be used unless specifically allowed by your instructor. Please see your instructor or the course policies within the syllabus if you have questions.

# Student Resources

## TUTORING SERVICES

Students in need of tutoring assistance are encouraged to contact the Office of Student Tutoring located as follows:

- Morristown Campus - Student Services Building Room L107 - (423) 585-6920
- Niswonger Campus - GRNV 226 - (423) 798-7982
- Sevierville Campus - MMH Room 210 - (865) 286-2787
- Claiborne Campus - Room 123A - (423) 851-4761

Specific tutoring assistance in mathematics and writing is available in-person and online as follows:

- Morristown Campus - English Learning Lab - HUM 120 - (423) 585-6970

[Walters State English Learning Lab \(opens in new window\)](https://www.walters.edu/academics/humanities/writing-lab)  
[ws.edu/academics/humanities/writing-lab](https://www.walters.edu/academics/humanities/writing-lab)

- Morristown Campus - Mathematics Lab - MBSS 222 - (423) 585-6872

[Walters State Mathematics Learning Lab \(opens in new window\)](https://www.walters.edu/academics/mathematics/learning-lab)  
[ws.edu/academics/mathematics/learning-lab](https://www.walters.edu/academics/mathematics/learning-lab)

## TECHNOLOGY SUPPORT

Students who need assistance with computing and technology issues should contact the IET Helpdesk by phone at Morristown: (423) 318-2742; Niswonger: (423) 798-8186; or Sevierville: (865) 286-2789 or on-line access.

[Walters State Helpdesk \(opens in new window\)](https://www.walters.edu/helpdesk)  
[helpdesk.ws.edu](https://www.walters.edu/helpdesk)

## STUDENTS WITH DISABILITIES SUPPORT SERVICES

Students with disabilities must register with Student Support Services each semester in the Student Services Building, Room U134 (phone (423) 585-6892) if they need any special facilities, services, or consideration.

[Walters State Student Support Services \(opens in new window\)](https://www.walters.edu/student-services/disability/)  
[ws.edu/student-services/disability/](https://www.walters.edu/student-services/disability/)

## SUICIDE PREVENTION STATEMENT

Walters State is committed to and cares about all students. Support services are available for any person at Walters State who is experiencing feelings of being overwhelmed, hopelessness, depression, thinking about dying by suicide, or is otherwise in need of assistance. For immediate help, contact the National Suicide Prevention Lifeline by calling or texting 9-8-8 or the Trevor Lifeline at 1-866-488-7386. Veterans may also contact the Veterans Crisis Line at 1-800-273-8255 (press 1) or Text 838255.

Walters State has a relationship in place with the following community agencies to provide services (may include crisis referral services, prevention screenings, etc.):

- Cherokee Health Systems 423-586-5032
- Frontier Health 423-467-3600

## College Policies

### **STUDENTS HANDBOOK AS OFFICIAL GOVERNING DOCUMENT**

This class is governed by the policies and procedures stated in the current Walters State Community College Student Handbook. All students attending Walters State Community College, regardless of the time, location, or format of the class, must abide by the rules and regulations outlined in the current Walters State Catalog/Student Handbook and the current Walters State Timetable of Classes.

[Walters State Catalog \(opens in new window\)](https://catalog.ws.edu/)  
[catalog.ws.edu/](https://catalog.ws.edu/)

[Walters State Timetable of Classes \(opens in new window\)](https://ws.edu/admissions/registration/)  
[ws.edu/admissions/registration/](https://ws.edu/admissions/registration/)

### **PURPOSE, LIMITATIONS AND MODIFICATION OF SYLLABUS**

This syllabus sets forth the expectations for the course content, work, and grading as well as expectations for student performance and conduct. The syllabus does not constitute a contract between the student and the instructor or the College. The information contained here is subject to change at any time. The instructor reserves the right to modify this syllabus at any time with written notification to the students. Though changes are possible, it is expected that the course will be conducted as described in this syllabus for the semester/year specified in the Course Information section of the syllabus. This syllabus is only valid for the semester/year specified and course requirements are not guaranteed for future semesters.

### **COURSE GROUND RULES**

- Students must attend the first day of on-ground class or contact the instructor prior to the first class. Failure to do this may result in being dropped from the class. Excessive absences may substantially lower the course grade.
- Regular class attendance is a student's obligation for any course regardless of format. (See the Walters State Catalog/Student Handbook). If a student misses class, it is his or her responsibility to contact the instructor regarding missed assignments and/or activities and to be prepared for the next class assignment.
- Students enrolled in web courses must follow the course attendance policy defined for online attendance during the first week of class and throughout the term. Failure to do this may result in being dropped from the class during week one OR may result in the accrual of absences which may negatively impact the student's grade in the course.
- Students who have not paid fees on time and/or are not correctly registered for this class and whose names do not appear on official class rolls generated by the Walters State student information system (MyWS) will not be allowed to remain in class or receive credit for this course.
- Electronic devices must not disrupt the instructional process or college-sponsored academic activity. Use of electronic devices is prohibited unless use of the device is relevant to the activity and use is sanctioned by the faculty member in charge. Electronic devices that are not relevant to the activity or sanctioned by the faculty member in charge should be set so that they will not produce an audible sound during classroom instruction or other college-sponsored academic activity.

## **FINANCIAL AID**

Students receiving any type of financial aid or scholarship should contact the Financial Aid Office before making any changes to their schedule. Schedule changes without prior approval may result in loss of award for the current term and future terms.

All forms of student Financial Aid may be jeopardized or lost due to the lack of Satisfactory Academic Progress in one or multiple courses. Lack of Satisfactory Academic Progress may negatively impact a student's degree/certificate completion pace and further jeopardize Financial Aid eligibility.

## **CANCELLATION OF CLASSES AND ACADEMIC CONTINUITY**

For information related to the cancellation of classes due to inclement weather or other events, please check the Senators Emergency Text system or the college's Web site at:

[Walters State Homepage \(opens in new window\)](http://ws.edu/home/)  
[ws.edu/home/](http://ws.edu/home/)

[Walters State Facebook page \(opens in new window\)](#)

<https://www.facebook.com/WaltersState/>

[Walters State Twitter page \(opens in new window\)](#)

<https://twitter.com/waltersstate>

or call the college's student information line, 1-800-225-4770, option 1; the Sevier County Campus, (865) 774-5800, option 7; the Niswonger Campus (423) 798-7940, option 7; or the Claiborne County Campus, 423-636-6200, option 7. Also, please monitor local TV and radio stations for further announcements.

When an event or disaster interrupts the scheduled operations of the college and the ability to proceed with the academic course activities as planned, the college and your instructor may alter the course plan outlined in the syllabus. Should an event occur, students should refer to their course e-Learn pages and/or class materials previously delivered to receive guidance from their instructor. Students should continue to monitor the official college channels of communication listed in the above paragraph. If you would like to sign up for the Senators Emergency Text system, please go to the following Web site:

[Senator Emergency Text System \(opens in new window\)](#)

[ws.edu/set/](http://ws.edu/set/)

Dual Enrollment students attending on a high school campus should refer to the high school inclement weather cancellations.

## **LEARNING MANAGEMENT SYSTEM**

Brightspace (commonly known as eLearn or D2L) is the college's Learning Management System (LMS).

Brightspace is committed to accessibility by "deliver[ing] a learning experience that meets the needs of all people, regardless of age or ability." [Brightspace Accessibility Standard \(opens in new window\)](#)

Brightspace is also committed to guarding student data and privacy. [Brightspace Privacy Policy \(opens in new window\)](#)
