Paper One is 15% of the overall grade, and paper two is 25%. The weekly quizzes are .05%, and the final exam is 5% of your overall grade. Students cannot make up quizzes or discussion boards for any reason. However, extra credit will be available in the last week of class for those who have missed a quiz or discussion board.

## Course and Class Policies/Procedures

**Attendance Process:** Attendance is recorded by assignment completion. The last date of attendance is the date of the last assignment correctly submitted.

**Attendance Policy:** Students are expected to attend class regularly. Excessive absences may result in a lower grade or failure for the course. For the purposes of this online course, failure to submit an assignment on the date due will constitute an absence.

**Procedure for Submission of Work:** All work for this class must be submitted to the appropriate drop box or discussion board in eLearn. It is the student's responsibility to make sure that work is submitted properly. Work submitted to the wrong drop box will be recorded as non-submitted. Also, missing work due to a student inaccurately submitting work will be recorded as non-submitted. Due dates for assignments and examinations are in the Calendar in eLearn. The student must submit the critical papers and take all required examinations to complete the course. Absolutely no late work will be accepted after Friday, July 28, 2023. Prior to this date, the late penalty of 10% per day will apply. Please note: All assignments that were due prior to this date must be submitted by July 28. After that date, only the current assignments remaining in the course will be accepted. Therefore, it is VERY IMPORTANT that ALL assignments due up to that point have been submitted; otherwise, the student forfeits the opportunity to earn a passing grade.

All work must be submitted to the assignment drop box or discussion board to be graded. No assignments will be accepted as email attachments. Discussion boards and quizzes will not be reopened after the due date.

**Testing Procedures:** Exams and quizzes will be administered in eLearn. Students should familiarize themselves with the Quizzes tab in eLearn.

**Evaluation Process:** Errors on papers will be marked using Grademark in Turnitin. Students must submit work to eLearn in a format that is readable by the platform. This means Microsoft word (.doc), or Rich Text Format (.rtf). It is the student's responsibility to make sure each submitted assignment is in a readable format. Documents that are submitted to eLearn in an unreadable format are considered late until they are properly submitted. NOTE: Every Walters State student has access to every computer lab on any campus whenever there is not a class scheduled in the lab. Access to the correct format is assured by utilizing these labs. Students also have access to a free download of Microsoft Office 365 including Word at mail.ws.edu. Students are responsible for checking due dates for assignments, confirming that assignments have been successfully submitted, and reading instructor feedback. All written work will be submitted to Turnitin.com, a plagiarism detection site, to check for undocumented source material and duplication of past or present students' work before it is graded. In the event of a grade dispute, it is the student's responsibility to provide documentation of course work.

**Work Return Procedure:** Submitted student work will be sent back to the student, after grading, utilizing the feedback function of the drop box or discussion board in eLearn. Students will be able to view graded material from the appropriate drop box or discussion board. It is the students' responsibility to inform the professor if they cannot find the graded work.

**Communication with the Instructor:** Students should use the eLearn email function to communicate with their professor. Using the email function inside of individual classes will aid the instructor in identifying the student and replying in a timely manner. The instructor will respond to email within 48 hours Monday through Friday during the regular class schedule.

**Academic Integrity:** Walters State Community College takes academic integrity and plagiarism very seriously.

There are major consequences for academic misconduct of this kind. Your grade for an assignment and your course grade can be severely affected by academic misconduct. See the syllabus for more information.

At the beginning of the course, you will submit an Academic Integrity Contract to the dropbox which applies to all your writing in the course.

You can simply copy and paste the contract below starting with the title into a Word file.

Take time to read the contract before signing.

This document is required before your work can be assessed.

### **Academic Integrity Contract**

Plagiarism, cheating, and other forms of academic dishonesty are prohibited.

According to *Merriam-Webster* plagiarism is to "the act of using another person's words or ideas without giving credit to that person."

As noted in *The Little Brown Essential Handbook*, "Plagiarism . . . is the presentation of someone else's work as your own. Whether deliberate or careless, plagiarism is a serious offense. It breaks trust, and it undermines or even destroys your credibility as a researcher and writer. . . . The way

to avoid plagiarism is to acknowledge your sources: keep track of the ones you consult for each paper you write, and document them within the paper and in a list of works cited" (Aaron 212-213).

Any student who plagiarizes will receive a zero on the paper and may receive a grade of F in the course.

I hereby certify that all the work I am submitting this semester is solely my own.

Any source material used for an assignment has been properly given credit, quoted, and cited according to MLA format.

I also certify that I understand the plagiarism policy and the consequences for failure to comply. I understand I can receive 0 credit for an assignment if I break this promise which could jeopardize my final course grade.

I commit to reading each item in the course content modules, closely following instructions, and faithfully following the schedule.

I commit to never borrow from classmates or online sources to pass off their work as my own work or ideas.

I promise to earn a grade based on my own actions, not giving into the temptation to cheat or take the easy way out.

I will do my utmost to uphold academic integrity to show my character, commitment, and value of my education.

Type your name here. Example: Clara Oswald

Add full date here. Example: May 29, 2023

### **Submitting Academic Integrity Contract to Dropbox**

1. Save the document with your name, course, section(s), instructor, and assignment.

Example: Clara Oswald 2410-W91 Eichelman Academic Integrity Contract (or you can shorten Academic Integrity Contract to AIC)

2. Save your document as a Microsoft Office Word document. If you do not have Word, then save your document as a Rich Text file. See more about technical items in the Getting Started module

or check the direct link [Required Textbook & Software](#).

3. Upload your document to the Academic Integrity Contract dropbox. You can access this dropbox by going to the Assessments tab and selecting the dropbox or by clicking on the direct link [Your Academic Integrity Contract](#).

If you need assistance with how to submit to the dropbox, consult the Student Guide to eLearn in the "Guides" item at the top of the screen and also check the "How To" module in content or click the direct link [How to Use the Dropbox](#).

### Checking Your Submission

Here is an important reminder for this document and all documents you upload to a dropbox: When you submit to a dropbox, go to a new tab like checking your grades in the Course Information tab and then come back to the dropbox to ensure your document fully uploaded. It is best to click on your submission to see if properly uploaded and to check if anything needs attention. If you need to resubmit, you can upload again.

**Syllabus Acknowledgement:** All students must read and acknowledge the syllabus in Simple Syllabus on the course homepage.

responsibility to contact the instructor regarding missed assignments and/or activities and to be prepared for the next class assignment.

- Students enrolled in web courses must follow the course attendance policy defined for online attendance during the first week of class and throughout the term. Failure to do this may result in being dropped from the class during week one OR may result in the accrual of absences which may negatively impact the student's grade in the course.
