Instructional Approach and Methods

Hands on work, discussion, and instruction

Assessment, Evaluation and Testing Procedures

Students are evaluated by their clinical preceptor at the end of the externship. The evaluation assesses the student's knowledge and competency in advanced pharmacy practice.

Grading Scale

The clinical experience is graded as a Pass/Fail course.

The student is required to participate in 70 contact hours in at least one pharmacy practice site. The student must demonstrate competency to pass. More than three areas (3) of 1 or Unsatisfactory (deficits exist), on the student's final evaluation, will result in deductions leading to possible clinical failure.

If a student is absent once **(1)** without reporting to the site supervisor as directed and providing documentation for absence, the student shall receive a warning. If the student is absent **two (2)** times without reporting to the site supervisor, this action may result in clinical failure. In addition, missing more than 5 contact hours, which is equivalent to **one (1) clinical week**, without making up those hours, may result in clinical failure.

Assignments

Students will receive a clinical packet at the beginning of their externship, which will outline the American Society of Health-System Pharmacists (ASHP) Advanced experiential standards.

There are no scheduled assignments in the externship course; however, a preceptor or practice site may assign tasks at their discretion according to standards.

Class Participation

In this course, *positive* class participation is expected. Positive class participation refers appropriate conduct and student involvement during their externship(s).

Regular class attendance is a student's obligation (See the *Walters State Catalog/Handbook*). The college requires the instructor to keep accurate attendance records and to report when students are not attending class. It is the responsibility of the student to be punctual for clinical.

See the pharmacy technician student handbook for additional attendance policies.

- Regular class attendance is a student's obligation for any course regardless of format. (See the Walters State Catalog/Student Handbook). If a student misses class, it is his or her

responsibility to contact the instructor regarding missed assignments and/or activities and to be prepared for the next class assignment.

- Students enrolled in web courses must follow the course attendance policy defined for online attendance during the first week of class and throughout the term. Failure to do this may result in being dropped from the class during week one OR may result in the accrual of absences which may negatively impact the student's grade in the course.
- Students who have not paid fees on time and/or are not correctly registered for this class and whose names do not appear on official class rolls generated by the Walters State student information system (MyWS) will not be allowed to remain in class or receive credit for this course.

FINANCIAL AID

Students receiving any type of financial aid or scholarship should contact the Financial Aid Office before making any changes to their schedule. Schedule changes without prior approval may result in loss of award for the current term and future terms.

All forms of student Financial Aid may be jeopardized or lost due to the lack of Satisfactory Academic Progress in one or multiple courses. Lack of Satisfactory Academic Progress may negatively impact a student's degree/certificate completion pace and further jeopardize Financial Aid eligibility.
