Instructional Approach and Methods

The instruction will include but is not limited to outside reading, lecture, student led discussion posts, short written assignments, and class participation. Student evaluation will include examinations, quizzes, homework assignments and class participation. Students are expected to read assignments and to come to class prepared to discuss and or take a quiz on the assigned material. Written assignments and quizzes cannot be made up. Exams can only be made up with approval of the instructor and under extraordinary circumstances.

The student's class attendance, quizzes, written assignments, mid-term exam, and final exam grade will be averaged to determine the student's final grade.

Assessment, Evaluation and Testing Procedures

There will be 13 quizzes, each worth 10 points apiece. These quizzes cover assigned readings and lecture material. There are no make-ups for quizzes other than for approved college activities with an excused absence as outlined in the student handbook. At the instructor's discretion written assignments may at times substitute quizzes. There will be a mid-term and final exam; the exams must be taken at the date and time given. The mid-term and final exam are each worth 100 points apiece.

Grading Scale

A	90-100
B	80-89
C	70-79
D	60-69
F	Below 60

Assignments

To be determined by the instructor.

Class Participation

Attendance is required in order to pass the class, (see the WSCC catalog/student handbook). If a student misses class it is his/her responsibility to see the instructor regarding missed assignments. Excessive absences **will** lower the student's final grade. **Three absences will lower the student's final grade by one letter grade. If a student continues to miss class they may receive a grade of "F" for the course.** The instructor may require written proof of a valid excuse.
