## Netiquette

The word "netiquette" has been coined to apply to writing messages in emails and discussion board postings; the word is made from the words "net" and "etiquette."

**When posting to the Discussion Board, emailing the instructor, or emailing other students, always respect the differences of reaction, opinion, and interpretation of others. You may want them to explain why they think "X," and asking them to explain more is certainly encouraged in the course. Just be sure to think about *how* you express your ideas and *how* you ask others to explain or support theirs.**

## Defining Plagiarism

Plagiarism is representing someone else's ideas or work as your own original ideas or work. Plagiarism encompasses many things, and is by far the most common manifestation of academic fraud. For example, copying a passage straight from a book, a website, or any other source into a paper without using quotation marks *and* explicitly citing the source is plagiarism. Additionally, paraphrasing is plagiarism where you fail to cite your original source and, in some cases, where you fail to use quotation marks as well. It is very important that students properly acknowledge all ideas, work, and even distinctive words or phrases that are not their own.

All of the following are considered plagiarism:

- Turning in someone else's work as your own, including Discussion Posts
- Copying words or ideas from someone else without giving credit
- Failing to put a quotation in quotation marks
- Giving incorrect information about the source of a quotation
- Changing words but copying the sentence structure of a source without giving credit
- Copying so many words or ideas from a source that it makes up the majority of your work, whether you give credit or not

Additionally, if you download a paper from the Internet and submit it as your own work or if you submit a paper you wrote and submitted in a previous class, you have committed acts of plagiarism.

## Penalties for Plagiarism

Penalties for plagiarism include, but are not limited to, a reduction of grade on an assignment and/or a course as well as such sanctions as loss of student privileges, probation, suspension, and expulsion.

## Guidelines to Academic Honesty

You need to cite the specific source(s) in your work, even if:

- You put all direct quotes in quotation marks.
- You changed words used by the author into synonyms.
- You completely paraphrased the ideas to which you referred.
- Your sentence is mostly made up of your own thoughts, but contains a reference to the author's ideas.
- You mention the author's name in the sentence.

When in doubt, provide the proper citation to show that the ideas and materials are not your own.

## Written Assignments

Papers should be written with clarity and precision. Literary elegance is not required; however, clear, correct grammar is essential.

The papers should be based on your independent readings. Provide appropriate citations for all direct quotations and close paraphrases. Try to limit direct quotations to a small number. Do not submit a paper that is simply a string of quotations from the work of others.

# Academic Honesty

Faculty expect all students to refrain from acts of academic misconduct including but not limited to:

1. Plagiarism - refers to using another person's ideas or writing without giving proper credit to the original source. Indulging in this type of conduct will subject the student to disciplinary sanctions, which may be imposed through the regular institutional procedures of Walters State Community College as outlined in the Student Handbook. Plagiarism will result in a grade of "0" for the paper/exam/presentation. Student Conduct and Disciplinary Sanctions contained in the college Catalog/Student Handbook apply (see policy 04:18:02 Disciplinary Sanctions). Plagiarism includes, but is not limited to the following:
  - a. Using cut/paste tool from original document with no references given.
  - b. Copying another student's work and submitting it as one's own.
  - c. Forging or otherwise altering signatures.
  - d. Giving or falsifying academic documents or materials.
2. Cheating - construed as attempting to deceive or mislead which includes, but is not limited to the following:
  - a. Utilizing old tests, projects, notes or written papers.
  - b. Providing unauthorized information to a fellow student about exam content.
  - c. Receiving unauthorized aid from any source with quizzes, examinations, or other assignments.
  - d. Seeking information in an unacceptable manner during/preceding an exam or other assigned work (cheat sheet, verbal exchange, looking at another person's paper or electronic device, utilizing headphones, using textbook when the test/quiz is not an open book test/quiz, using textbook test bank etc.).
  - e. Consulting with a classmate or others when taking a computerized test.
  - f. Disregarding other specific policies and procedures outlined for a particular class.
  - g. Utilizing unapproved technology/electronic equipment during testing (i.e.: mobile devices such as cell phones, smart devices, or tablets, etc.).
  - h. Using the same Internet Protocol network address (IP address) as another student for testing without approval from the course faculty.
3. The use of any generative artificial intelligence (AI) tool, such as OpenAI's ChatGPT, Google's Bard, or any other pre-trained language model (commonly referred to as "chatbot"), must be cited for any assignment where it has been used and may not be used unless specifically allowed by your instructor. Please see your instructor or the course policies within the syllabus if you have questions.

### **COURSE GROUND RULES**

- Students must attend the first day of on-ground class or contact the instructor prior to the first class. Failure to do this may result in being dropped from the class. Excessive absences may

substantially lower the course grade.

- Regular class attendance is a student's obligation for any course regardless of format. (See the Walters State Catalog/Student Handbook). If a student misses class, it is his or her responsibility to contact the instructor regarding missed assignments and/or activities and to be prepared for the next class assignment.
- Students enrolled in web courses must follow the course attendance policy defined for online attendance during the first week of class and throughout the term. Failure to do this may result in being dropped from the class during week one OR may result in the accrual of absences which may negatively impact the student's grade in the course.
- Students who have not paid fees on time and/or are not correctly registered for this class and whose names do not appear on official class rolls generated by the Walters State student information system (MyWS) will not be allowed to remain in class or receive credit for this course.

Use of electronic devices is prohibited unless use of the device is relevant to the activity and use is sanctioned by the faculty member in charge. Electronic devices that are not relevant to the activity or sanctioned by the faculty member in charge should be set so that they will not produce an audible sound during classroom instruction or other college-sponsored academic activity.

## **FINANCIAL AID**

Students receiving any type of financial aid or scholarship should contact the Financial Aid Office before making any changes to their schedule. Schedule changes without prior approval may result in loss of award for the current term and future terms.

All forms of student Financial Aid may be jeopardized or lost due to the lack of Satisfactory Academic Progress in one or multiple courses. Lack of Satisfactory Academic Progress may negatively impact a student's degree/certificate completion pace and further jeopardize Financial Aid eligibility.
