Student Learning Outcomes/Objectives

- To prepare the student for further studies of animal science.
- To describe the elementary principles of animal science.
- To involve the student in scientific inquiry related to animal agriculture.
- To acquaint the student with the area livestock enterprises such as livestock farms, wildlife management projects, markets, shows, and animal related businesses.

Instructional Approach and Methods

Instruction is provided through both lecture and hands on opportunities. Student evaluation may occur through formal written assessments or real-life demonstration of skills. Students should be prepared for outdoor situations. In the event of precipitation, students should wear the appropriate clothing.

Assessment, Evaluation and Testing Procedures

Instruction is primarily by lecture with some study guides and special class presentations. All written assignments must be typed. A test will be given two times during the semester. Each test will be announced at least one class meeting in advance. Quizzes will be throughout the semester and may or may not be announced. Students with unexcused absences will be penalized and may be denied make-up work if an attendance problem exists. Students who have excused absences are expected to do make-up work upon returning to school and such work must be completed within 7 days of the absence.

Grading Scale

The points earned in the lab section of this course are added with the lecture section. The grading scale for lab is pass/fail. If you earn a grade of A, B, C, or D in the corresponding lecture section, you will receive a "pass" for the lab section. If you receive a grade of F in the corresponding lecture section, you will receive a "fail" for the lab section.

Assignments

Assignments and Projects will be assigned throughout the semester. It is the student's responsibility to keep up with class assignments, projects, and due dates. For assignments/projects, the student should check the class page in eLearn or see the instructor for further explanation.

Class Participation

This class involves several visits to off-campus locations. Travel to these locations is the responsibility of the student. Most of these visits are to private property where students are invited for a class and/or lab meeting. It is the responsibility of the student to arrive on time, park in an appropriate location and be courteous at all times. Littering, smoking in or around buildings and the use of any profanity or vulgar language is strictly prohibited. Please remember, you are going to college to become a "professional" in the field of agriculture. This is your beginning point in the eyes of our host and the instructor.

Because of the nature of this course with open discussion topics, regular attendance and classroom participation is required, and everyone is expected to participate in discussions or class presentations in order to receive full credit. Every effort will be made to keep the topics interesting. Some will be controversial, but the student is expected to approach the discussions with an open mind and in an objective manner. All students are expected to attend every class with a portion of the grade dependent upon attendance and participation. All written assignments must be typed. Excessive absences may substantially lower the semester grade. The college requires the instructor to keep accurate records and to report when students are not attending class.

Course and Class Policies/Procedures

Students with excused absences must complete all make-up work within (7) days. Exceptions to this rule must be discussed with and cleared by the instructor BEFORE the deadline. Examples of excused absences include, but are not limited to, personal illness, illness of a spouse, child, or close family member, bereavement, and pre-approved school functions. Documentation is required in all cases. Faculty are not obligated to allow students to make up work missed due to unexcused absences.

Additional Course Requirements/Details/Information

This syllabus will cover AGRI 1020/21 - Introduction to Animal Science and lab. All points accumulated in this lecture/lab corequisite course will be counted as one. Students will receive an A-F letter grade designation for AGRI 1020; students will receive a pass/fail grade designation for AGRI 1021.

Academic Honesty

Faculty expect all students to refrain from acts of academic misconduct including but not limited to:

1. Plagiarism - refers to using another person's ideas or writing without giving proper credit to the original source. Indulging in this type of conduct will subject the student to disciplinary sanctions, which may be imposed through the regular institutional procedures of Walters State Community College as outlined in the Student Handbook. Plagiarism will result in a grade of "0" for the paper/exam/presentation. Student Conduct and Disciplinary Sanctions contained in the college Catalog/Student Handbook apply (see policy 04:18:02 Disciplinary Sanctions). Plagiarism includes, but is not limited to the following:
 - a. Using cut/paste tool from original document with no references given.
 - b. Copying another student's work and submitting it as one's own.
 - c. Forging or otherwise altering signatures.
 - d. Giving or falsifying academic documents or materials.
2. Cheating - construed as attempting to deceive or mislead which includes, but is not limited to the following:
 - a. Utilizing old tests, projects, notes or written papers.
 - b. Providing unauthorized information to a fellow student about exam content.
 - c. Receiving unauthorized aid from any source with quizzes, examinations, or other assignments.
 - d. Seeking information in an unacceptable manner during/preceding an exam or other assigned work (cheat sheet, verbal exchange, looking at another person's paper or electronic device, utilizing headphones, using textbook when the test/quiz is not an open book test/quiz, using textbook test bank etc.).
 - e. Consulting with a classmate or others when taking a computerized test.
 - f. Disregarding other specific policies and procedures outlined for a particular class.
 - g. Utilizing unapproved technology/electronic equipment during testing (i.e.: mobile devices such as cell phones, smart devices, or tablets, etc.).
 - h. Using the same Internet Protocol network address (IP address) as another student for testing without approval from the course faculty.
3. The use of any generative artificial intelligence (AI) tool, such as OpenAI's ChatGPT, Google's Bard, or any other pre-trained language model (commonly referred to as "chatbot"), must be cited for any assignment where it has been used and may not be used unless specifically allowed by your instructor. Please see your instructor or the course policies within the syllabus if you have questions.

PURPOSE, LIMITATIONS AND MODIFICATION OF SYLLABUS

This syllabus sets forth the expectations for the course content, work, and grading as well as expectations for student performance and conduct. The syllabus does not constitute a contract between the student and the instructor or the College. The information contained here is subject to change at any time. The instructor reserves the right to modify this syllabus at any time with written notification to the students. Though changes are possible, it is expected that the course will be conducted as described in this syllabus for the semester/year specified in the Course Information section of the syllabus. This syllabus is only valid for the semester/year specified and course requirements are not guaranteed for future semesters.

COURSE GROUND RULES

- Students must attend the first day of on-ground class or contact the instructor prior to the first class. Failure to do this may result in being dropped from the class. Excessive absences may substantially lower the course grade.
- Regular class attendance is a student's obligation for any course regardless of format. (See the Walters State Catalog/Student Handbook). If a student misses class, it is his or her responsibility to contact the instructor regarding missed assignments and/or activities and to be prepared for the next class assignment.
- Students enrolled in web courses must follow the course attendance policy defined for online attendance during the first week of class and throughout the term. Failure to do this may result in being dropped from the class during week one OR may result in the accrual of absences which may negatively impact the student's grade in the course.
- Students who have not paid fees on time and/or are not correctly registered for this class and whose names do not appear on official class rolls generated by the Walters State student information system (MyWS) will not be allowed to remain in class or receive credit for this course.
- Electronic devices must not disrupt the instructional process or college-sponsored academic activity. Use of electronic devices is prohibited unless use of the device is relevant to the activity and use is sanctioned by the faculty member in charge. Electronic devices that are not relevant to the activity or sanctioned by the faculty member in charge should be set so that they will not produce an audible sound during classroom instruction or other college-sponsored academic activity.

FINANCIAL AID

Students receiving any type of financial aid or scholarship should contact the Financial Aid Office before making any changes to their schedule. Schedule changes without prior approval may result in loss of award for the current term and future terms.

All forms of student Financial Aid may be jeopardized or lost due to the lack of Satisfactory Academic Progress in one or multiple courses. Lack of Satisfactory Academic Progress may negatively impact a student's degree/certificate completion pace and further jeopardize Financial Aid eligibility.

CANCELLATION OF CLASSES AND ACADEMIC CONTINUITY
