

Walters State Community College Course Syllabus

Course Information

Course Number and Name: BIOL 2010 Human Anatomy and Phys I

Section ID: 80751.202380

Semester and Year: Fall 2023

Credit Hours: 3

Start Date: August 21, 2023

End Date: December 08, 2023

Course Format: CON - Conventional Methodology

Catalog Course Description: < A study of the structure and function of the human body. The topics studied include a general introduction to anatomy & physiology; including terminology, basic chemistry, cell structure and function, nutrition and metabolism, and the skeletal, muscular, and nervous systems.

Pre/Co-requisite: BIOL 2011 **F,S,Su**

General Education Course Designation: General Education Course

Meeting Details: T; 06:00PM - 09:05PM; GRNV 207

Course Drop Deadline: October 27, 2023

Instructor Information

Name: Dr. Jerry Wilhoit

Publication Date: April 20, 2022

Edition: Second Edition (2e)

Additional Information

You can use the OpenStax 1st edition Anatomy & Physiology textbook. However, the 2nd edition has several updates and corrections. Additionally, students may use any college level Anatomy and Physiology textbook approved by their instructor. Course materials (notes, supplements, videos) are electronic and accessible via d2L/eLearn. An electronic device (computer, laptop, tablet) to access these materials outside of class will be needed.

Student Learning Outcomes/Objectives

- BIOL 2010 will allow the student to be able to address the following topics by:
 1. **Introduction and Orientation:** Applying basic terminology to the structural organization of the bodily systems and their relationships.
 2. **Chemistry:** Learning basic chemical concepts as they relate to the study of human anatomy and physiology.
 3. **Cell Structure and Function:** Identifying cell structure and discussing cell functions such as cell transport, cell division, and cellular communication.
 4. **Skeletal System:** Describing the growth, development, structure, and function of the skeletal system.

5. **Muscular System:** Recognizing the anatomical structures and explaining the physiological processes of the muscular system.
6. **Nervous System:** Understanding the anatomy and physiology of the central and peripheral nervous systems to include the autonomic and somatic divisions.
7. **Metabolism:** Understanding the importance of diet and nutrition and defining the steps of cellular respiration and their relevance to cell function.

Instructional Approach and Methods

Instructional Approach and Methods:

1. Lectures
2. Classroom discussion
3. Computer simulations

Lecture Topic
The Human Body: An Orientation
Chemistry Comes Alive
Cells: The Living Units
Bones and Skeletal Tissues
Muscles and Muscle Tissue
Fundamentals of the Nervous System and Nervous Tissue
The Central Nervous System
The Peripheral Nervous System and Reflex Activity
The Autonomic Nervous System
Nutrition, Metabolism, the Energy Balance

Assessment, Evaluation and Testing Procedures

Testing Procedures

Assignments and exams may be given in class or online via d2L/eLearn. For those administered online through d2L/eLearn, students may be required to use a virtual proctoring program like Respondus Lockdown Browser with Monitor. Virtual proctoring programs will require a compatible device,

microphone, and webcam. In the event that the student does not use the specified requirements or the entire assignment or exam is not completely proctored, this could result in a grade of zero "0" for the assignment or exam. Students will be provided specific testing procedure and assignment completion information directly from the instructor.

Exam Policy:

1. ALL exams are to be taken at times scheduled by the instructor.
2. ALL exams scheduled in the course by the instructor must be taken or the student will fail the course. Any exceptions must be approved by the Academic Dean and the Vice President of Academic Affairs.
3. Make-up exams will be given for excused absences only (excused absences include illness with a doctor's note, death in family, and military or jury duty).
4. Make-up exams must be taken before the next scheduled exam.

Grading Scale

Grading Scale:

Lecture Tests	90%
1 Comprehensive Final	10%

Extra Credit:

Each professor has the option to offer the opportunity to earn up to 25 additional points through the semester. Examples include, but are not limited to, bonus questions on exams, in class quizzes, attending a scientific event, etc. The instructor's policy will be explained in detail on the first day of class. In no instance will credit be provided for any activity not related to the scope of the course. The aim of the class is to get a solid understanding of Anatomy and Physiology so that grades reflect our abilities to communicate the material and not a supplementary assignment or task. All students, especially those that feel they are struggling with the material, are strongly encouraged to use office hours, send emails, make appointments for extra help, etc. throughout the semester.

A	90-100%
---	---------

B	80-89%
C	70-79%
D	60-69%
F	0-59%

Assignments

Refer to the "Assessments, Evaluation and Testing Procedures" section of the syllabus.

Academic Honesty

Faculty expect all students to refrain from acts of academic misconduct including but not limited to:

1. Plagiarism - refers to using another person's ideas or writing without giving proper credit to the original source. Indulging in this type of conduct will subject the student to disciplinary sanctions, which may be imposed through the regular institutional procedures of Walters State Community College as outlined in the Student Handbook. Plagiarism will result in a grade of "0" for the paper/exam/presentation. Student Conduct and Disciplinary Sanctions contained in the

college Catalog/Student Handbook apply (see policy 04:18:02 Disciplinary Sanctions).

Plagiarism includes, but is not limited to the following:

- a. Using cut/paste tool from original document with no references given.
 - b. Copying another student's work and submitting it as one's own.
 - c. Forging or otherwise altering signatures.
 - d. Giving or falsifying academic documents or materials.
2. Cheating - construed as attempting to deceive or mislead which includes, but is not limited to the following:
- a. Utilizing old tests, projects, notes or written papers.
 - b. Providing unauthorized information to a fellow student about exam content.
 - c. Receiving unauthorized aid from any source with quizzes, examinations, or other assignments.
 - d. Seeking information in an unacceptable manner during/preceding an exam or other assigned work (cheat sheet, verbal exchange, looking at another person's paper or electronic device, utilizing headphones, using textbook when the test/quiz is not an open book test/quiz, using textbook test bank etc.).
 - e. Consulting with a classmate or others when taking a computerized test.
 - f. Disregarding other specific policies and procedures outlined for a particular class.
 - g. Utilizing unapproved technology/electronic equipment during testing (i.e.: mobile devices such as cell phones, smart devices, or tablets, etc.).
 - h. Using the same Internet Protocol network address (IP address) as another student for testing without approval from the course faculty.
3. The use of any generative artificial intelligence (AI) tool, such as OpenAI's ChatGPT, Google's Bard, or any other pre-trained language model (commonly referred to as "chatbot"), must be cited for any assignment where it has been used and may not be used unless specifically allowed by your instructor. Please see your instructor or the course policies within the syllabus if you have questions.

PURPOSE, LIMITATIONS AND MODIFICATION OF SYLLABUS

This syllabus sets forth the expectations for the course content, work, and grading as well as expectations for student performance and conduct. The syllabus does not constitute a contract between the student and the instructor or the College. The information contained here is subject to change at any time. The instructor reserves the right to modify this syllabus at any time with written notification to the students. Though changes are possible, it is expected that the course will be conducted as described in this syllabus for the semester/year specified in the Course Information section of the syllabus. This syllabus is only valid for the semester/year specified and course requirements are not guaranteed for future semesters.

COURSE GROUND RULES

- Students must attend the first day of on-ground class or contact the instructor prior to the first class. Failure to do this may result in being dropped from the class. Excessive absences may substantially lower the course grade.
- Regular class attendance is a student's obligation for any course regardless of format. (See the Walters State Catalog/Student Handbook). If a student misses class, it is his or her responsibility to contact the instructor regarding missed assignments and/or activities and to be prepared for the next class assignment.
- Students enrolled in web courses must follow the course attendance policy defined for online attendance during the first week of class and throughout the term. Failure to do this may result

in being dropped from the class during week one OR may result in the accrual of absences which may negatively impact the student's grade in the course.

- Students who have not paid fees on time and/or are not correctly registered for this class and whose names do not appear on official class rolls generated by the Walters State student information system (MyWS) will not be allowed to remain in class or receive credit for this course.
- Electronic devices must not disrupt the instructional process or college-sponsored academic activity. Use of electronic devices is prohibited unless use of the device is relevant to the activity and use is sanctioned by the faculty member in charge. Electronic devices that are not relevant to the activity or sanctioned by the faculty member in charge should be set so that they will not produce an audible sound during classroom instruction or other college-sponsored academic activity.

FINANCIAL AID

Students receiving any type of financial aid or scholarship should contact the Financial Aid Office before making any changes to their schedule. Schedule changes without prior approval may result in loss of award for the current term and future terms.

All forms of student Financial Aid may be jeopardized or lost due to the lack of Satisfactory Academic Progress in one or multiple courses. Lack of Satisfactory Academic Progress may negatively impact a student's degree/certificate completion pace and further jeopardize Financial Aid eligibility.

CANCELLATION OF CLASSES AND ACADEMIC CONTINUITY

For information related to the cancellation of classes due to inclement weather or other events, please check the Senators Emergency Text system or the college's Web site at:

or call the college's student information line, 1-800-225-4770, option 1; the Sevier County Campus, (865) 774-5800, option 7; the Niswonger Campus (423) 798-7940, option 7; or the Claiborne County Campus, 423-636-6200, option 7. Also, please monitor local TV and radio stations for further announcements.

When an event or disaster interrupts the scheduled operations of the college and the ability to proceed with the academic course activities as planned, the college and your instructor may alter the course plan outlined in the syllabus. Should an event occur, students should refer to their course e-Learn pages and/or class materials previously delivered to receive guidance from their instructor. Students should continue to monitor the official college channels of communication listed in the above paragraph. If you would like to sign up for the Senators Emergency Text system, please go to the following Web site:
