## Assignments

## Daily Work (20% of your final grade):

### Tarea

On due dates indicated in the online learning system for [Vistas](http://www.vhlcentral.com) (www.vhlcentral.com), please have all indicated activities completed online **BEFORE 11:59 p.m. each Wednesday**. You may redo the homework as many times as needed and the top score will be reported for your grade. Be sure not to hit the “accept” button until you are pleased with your grade since this will lock in your grade.

### Diario (Journaling):

You may be assigned journal entries that must be completed and submitted to Dropbox in eLearn by the date listed on the course calendar. Only the textbook, dictionary and the professor can be consulted in completing the assignment. Use of other students, other people, or online sources are prohibited. (Online translators may be used as a dictionary reference only! This means that you can look up individual words on the translators, but you cannot use it to translate entire phrases, sentences or more.)

### Discursos(Discussion Boards):

You will be assigned discussion board topics in eLearn that will tie into the vocabulary and grammar that we will be covering. The posts to the discussion board must be in Spanish, unless instructed otherwise. You will also need to comment on at least 2 other students' discussions unless otherwise instructed. You are not there to correct their Spanish, but rather to promote an exchange of ideas or discussion of the topic. There is also a “Preguntas” discussion board that is open for any and all Spanish or class questions. This is not graded and can be in English or Spanish. Please post any questions that you have in this discussion board and I will reply within 48 hours. Other students may also reply to these questions.

*Other assignments:* Other assignments will be collected and graded for accuracy or effort.

## Class Participation

Spanish class is interactive and requires group discussions. Also, the main language of communication during class is Spanish. This subjective grade assesses the student's willingness to participate in this unconventional and sometimes stressful environment. Participation can also occur outside of the classroom in communication with the instructor and visits with the instructor.

Class participation counts as 5% of your final grade.

## Course and Class Policies/Procedures

\*If you need to reach me quickly, please use my [erika.stevens@ws.edu](mailto:erika.stevens@ws.edu) email address and send the email from your Senators email or a personal email address, but NOT from eLearn.

\*I will respond to all emails/phone calls within 24 hours, except on weekends when it may take 48 hours. Thus, I would recommend that you do not wait until the last minute to complete the weekly work since if you have a problem, I may not be able to reply before the due date.

\*Graded work will be visible under the "Grades" tab in eLearn within one week of the work being turned in.

\*Virtual office hours – During my virtual office hours I will be online if you need to contact me. I also have a webinar program that we can use. If you want to set up a live meeting with me that way, please email me to make an appointment so I can get it set up.

\*Netiquette – I expect all students (and myself) to be respectful when communicating with each other or with me during this class. Please do not post anything offensive or insulting. I want this to be an encouraging learning experience. You are also not to use any personal information shared in this class with others outside the class. That being said, don't share anything too personal with the class unless you are willing for it to be public knowledge. If you need to discuss something with me privately, then use the email listed above and not the discussion board format.

### PURPOSE, LIMITATIONS AND MODIFICATION OF SYLLABUS

This syllabus sets forth the expectations for the course content, work, and grading as well as expectations for student performance and conduct. The syllabus does not constitute a contract between the student and the instructor or the College. The information contained here is subject to change at any time. The instructor reserves the right to modify this syllabus at any time with written notification to the students. Though changes are possible, it is expected that the course will be conducted as described in this syllabus for the semester/year specified in the Course Information section of the syllabus. This syllabus is only valid for the semester/year specified and course requirements are not guaranteed for future semesters.

### COURSE GROUND RULES

- Students must attend the first day of on-ground class or contact the instructor prior to the first class. Failure to do this may result in being dropped from the class. Excessive absences may substantially lower the course grade.
- Regular class attendance is a student's obligation for any course regardless of format. (See the Walters State Catalog/Student Handbook). If a student misses class, it is his or her responsibility to contact the instructor regarding missed assignments and/or activities and to be prepared for the next class assignment.
- Students enrolled in web courses must follow the course attendance policy defined for online attendance during the first week of class and throughout the term. Failure to do this may result

in being dropped from the class during week one OR may result in the accrual of absences which may negatively impact the student's grade in the course.

- Students who have not paid fees on time and/or are not correctly registered for this class and whose names do not appear on official class rolls generated by the Walters State student information system (MyWS) will not be allowed to remain in class or receive credit for this course.
- Electronic devices must not disrupt the instructional process or college-sponsored academic activity. Use of electronic devices is prohibited unless use of the device is relevant to the activity and use is sanctioned by the faculty member in charge. Electronic devices that are not relevant to the activity or sanctioned by the faculty member in charge should be set so that they will not produce an audible sound during classroom instruction or other college-sponsored academic activity.

## **FINANCIAL AID**

Students receiving any type of financial aid or scholarship should contact the Financial Aid Office before making any changes to their schedule. Schedule changes without prior approval may result in loss of award for the current term and future terms.

All forms of student Financial Aid may be jeopardized or lost due to the lack of Satisfactory Academic Progress in one or multiple courses. Lack of Satisfactory Academic Progress may negatively impact a student's degree/certificate completion pace and further jeopardize Financial Aid eligibility.
