There will be group critique on the due dates of all projects. Projects should be in the leather hard state at the time of critique unless asked otherwise. An evaluation will be given covering developing skills and craftsmanship. Your grade will be based on your finished work at mid-term and finals.

Class Participation

You should ALWAYS bring tools and your sketchbook to class (this is included as part of your participations grade.) We will have a one on one mid-term critique in which we will look at your sketchbook and discuss progress. We will have several group critiques over the course of the semester – it is important for you to be able to talk about your process. It is expected that you will use correct terminology when speaking about your work.

Course and Class Policies/Procedures

Attendance:

- It is very important that you are on time and present for each class. Class will begin with lectures and instructions. Please send an e-mail (before class) if you are unable to attend.
- Three times being tardy to class or leaving the studio before the end of the scheduled class time will be counted as one absence. After three absences your grade will be lowered 2 points for each recurring absence.
- After 6 absences you should consider dropping the course.
- In the case of an excused absence students are expected to retrieve the missed information on their own.
- Attendance is one of the main keys to success in any class.

Assignments:

- Assignments are due on the dates designated on the Course Calendar.

Cell Phones:

- Cell phones should not be a class distraction if they become one you will be asked to leave yours off.

Laboratory Expectations and Safety:

- Help others in the class to succeed and remain healthy by keeping the studio clean!!! It is expected and basic studio practice to clean up after yourself. Wipe down table surfaces, tools and equipment should be put away clean and in the appropriate place. Work should be stored on the storage shelves and not on the shared tables.
- For safety reasons, we are unable to accommodate your children or friends. Please do **not** bring them with you to class.

- You are welcome and encouraged to use the open lab hours we provide. It is important to care about the work you are doing for class and see it through. Visit the ceramics studio between classes to move your work along. This is valuable “uninstructed” time.
- All work you make in class must be signed legibly with your last name only. Unsigned work will not be fired or graded.
- Lockers should be cleaned out and locks removed by the last regularly scheduled class. Remaining locks will be cut off after that date.

Online/Web-Enhanced Course Supplementary Information

Although this is a hands on class and much of the work will be completed in the studio, you are encouraged to view supplementary videos and documents that have been shared in e-learn under content.

PURPOSE, LIMITATIONS AND MODIFICATION OF SYLLABUS

This syllabus sets forth the expectations for the course content, work, and grading as well as expectations for student performance and conduct. The syllabus does not constitute a contract between the student and the instructor or the College. The information contained here is subject to change at any time. The instructor reserves the right to modify this syllabus at any time with written notification to the students. Though changes are possible, it is expected that the course will be conducted as described in this syllabus for the semester/year specified in the Course Information section of the syllabus. This syllabus is only valid for the semester/year specified and course requirements are not guaranteed for future semesters.

COURSE GROUND RULES

- Students must attend the first day of on-ground class or contact the instructor prior to the first class. Failure to do this may result in being dropped from the class. Excessive absences may substantially lower the course grade.
- Regular class attendance is a student's obligation for any course regardless of format. (See the Walters State Catalog/Student Handbook). If a student misses class, it is his or her responsibility to contact the instructor regarding missed assignments and/or activities and to be prepared for the next class assignment.
- Students enrolled in web courses must follow the course attendance policy defined for online attendance during the first week of class and throughout the term. Failure to do this may result in being dropped from the class during week one OR may result in the accrual of absences which may negatively impact the student's grade in the course.
- Students who have not paid fees on time and/or are not correctly registered for this class and whose names do not appear on official class rolls generated by the Walters State student information system (MyWS) will not be allowed to remain in class or receive credit for this course.
- Electronic devices must not disrupt the instructional process or college-sponsored academic activity. Use of electronic devices is prohibited unless use of the device is relevant to the activity and use is sanctioned by the faculty member in charge. Electronic devices that are not relevant to the activity or sanctioned by the faculty member in charge should be set so that they will not produce an audible sound during classroom instruction or other college-sponsored academic activity.

FINANCIAL AID

Students receiving any type of financial aid or scholarship should contact the Financial Aid Office before making any changes to their schedule. Schedule changes without prior approval may result in

loss of award for the current term and future terms.

All forms of student Financial Aid may be jeopardized or lost due to the lack of Satisfactory Academic Progress in one or multiple courses. Lack of Satisfactory Academic Progress may negatively impact a student's degree/certificate completion pace and further jeopardize Financial Aid eligibility.

Other Requirements: Physical Concerns

All in person class sessions will employ social distancing, and all students and the instructor will wear appropriate masks, fully covering the nose and mouth, for the entire time any members of the course are in presence of one another. If you need a break from the mask, feel free to step outside of the building and take that break.

You will be responsible for wiping down all surfaces you are in contact with during our class period, leaving them clean and sanitized for other students sharing our classroom.

No eating or drinking will be allowed during class meetings.

Art making is a physical activity, and often a messy one. Wear clothing that is comfortable and that you can get dirty and shoes you can stand in for an extended period of time. You may want an apron or a smock.

You are welcome and encouraged to use the open lab hours we provide. It is important to care about the work you are doing for class and see it through. Visit the ceramics studio between classes to move your work along. This is valuable "uninstructed" time.

It is the students responsibility to clean up after themselves and help maintain a safe and healthy studio environment. We will periodically do studio clean ups as a group. This is all part of safe art studio practices and is a course expectation.
