### Required Textbook(s) and Materials

**The Little, Brown Essential Handbook**

**ISBN:** 9780134515212

**Authors:** Jane E. Aaron

**Publisher:** Pearson

**Publication Date:** 2017-01-04

**Additional Information**

This text is recommended, but it is not required. The section on MLA documentation is out of date and the class will focus on the newer information.

## Supplemental or Optional Materials

Students may want to use a USB thumb drive to save work externally from the network. This is highly recommended.

## Student Learning Outcomes/Objectives

- By the end of this course, students will be able to
  1. distill a primary purpose into a single compelling statement by
    1. selecting and narrowing their own topics.
    2. identifying and writing argumentative thesis statements.
  2. order major points in a reasonable and convincing manner based on that purpose by
    1. engaging in the writing process—including prewriting, outlining, drafting, and revising.
    2. demonstrating the relationship between the thesis and outline.
    3. writing formal topic and sentence outlines.
    4. developing an introduction, body, and conclusion for each collegiate essay.
  3. develop ideas using appropriate argumentative rhetorical patterns by
    1. employing reasonable, logical argumentative strategies to support fully the thesis.
    2. synthesizing source materials with original thought.
  4. employ correct diction, syntax, usage, grammar, mechanics, punctuation and spelling by
    1. editing and revising their essays.

2. addressing issues of style and audience through revision.
5. manage and coordinate basic information gathered from an outside source by
  1. critically analyzing the source materials.
  2. locating and using credible secondary sources.
  3. differentiating between opinions, facts, and inferences.
  4. quoting, paraphrasing, and summarizing source materials.
  5. documenting sources according to MLA standards through a Works Cited list and internal citations

## Instructional Approach and Methods

1. Students will produce an argumentative writing sample at the first class meeting in order for the instructor to evaluate basic writing skills and to make referrals for further assessments.
2. In addition to the sample, students will complete a first-of-semester Multiple Sections Verification (MSV) objective exam (which does not receive a grade), an end-of-semester MSV objective exam (which counts 5% of the final grade), quizzes, in-class writings, and major graded papers. These writings represent a minimum for the course, and with drafts and informal writing assignments, students should write over 4000 words during the semester.
3. To successfully complete the course, students must not only earn a passing grade but also demonstrate mastery of the general education reading and writing competencies as reflected on the departmental rubrics. These competencies will be evaluated with each major paper.
4. Students will move through a process to complete major papers. The process will vary according to assignments, but it should include prewriting, outlining, drafting, and editing.
5. Students must write a minimum of four papers (including the writing sample). The instructor and peers will assess stages of the writing process for each paper, and the student will revise accordingly to arrive at a final draft. Revisions may receive daily points for addressing instructor and peer feedback, but once a student submits a major paper for a final grade, it cannot be resubmitted for a higher grade.
6. The student will keep all required paper drafts and make revisions according to instructions. The instructor may require that this process be completed electronically. Any major paper assignments evaluated outside of eLearn must be submitted to the instructor at the end of the semester.
7. The student will submit print or electronic notes, bibliographic information, rough drafts, and source material used in preparation of documented papers so that the instructor may verify paraphrased material and direct quotations. Additionally, students will submit all major papers to eLearn dropboxes for plagiarism detection.

## Assessment, Evaluation and Testing Procedures

The instructor evaluates each paper on its own merits. While there is no single formula for evaluating any paper, in this course all papers will be assessed by standard rubrics. These rubrics will address criteria such as the quality of content and organization, thesis, specific detail to support and develop general statements, and the number and frequency of serious errors (such as fragments, comma splices, fused sentences, errors in agreement and tense, and awkward constructions). Repeated errors and deficiencies become significant in the evaluation of the student's writing. Since progress is the principal objective, students will have multiple opportunities to demonstrate mastery of the evaluated criteria.

## Grading Scale

A	90%-100%
B	80%-89%
C	79%-70%
D	69%-60%
F	>59%

## Class Participation

Class participation will be assessed through discussion posts, submission of assignments, exams, and quizzes.

## Course and Class Policies/Procedures

The instructor encourages the student to schedule conferences. Any student who needs additional help should request extra conferences. In the conferences the instructor reviews the student's written work, explaining and clarifying points that are giving the student trouble, noting evidence of improvement, and making suggestions for further improvement. The instructor also helps the student to self-diagnose any areas of punctuation, diction, or sentence structure to which additional attention and study should be directed. The student may also seek further help from the English Learning Lab Technician (Jennifer Mayes) in Humanities 120, where both professional and peer tutors are available to assist, either on site or online.

Plagiarism, cheating, and other forms of academic dishonesty are prohibited. Students may not submit work from other classes unless permitted by the instructor. According to *Webster's Ninth New Collegiate Dictionary*, plagiarism is to "steal and pass off as one's own (the ideas or words of another); to present as one's own an idea or product derived from an existing source." Also, see *The Little, Brown Essential Handbook* pages 5-6 and 212-218. Any student who plagiarizes will receive a zero on the paper and may receive a grade of F in the course. (See the Walters State Catalog/Student Handbook.)

Excessive absences may substantially lower the course grade. A late paper receives a one-letter grade deduction for each day it is late unless the student has an excused absence and notifies the instructor in advance. This rate of deduction could result in a grade value of zero if a paper were to be several days late. The instructor can require written proof of a valid excuse. Even if the absence is justifiable or administratively approved, the student must complete the paper or make arrangements to do so within one week after returning to class. After one week, if the student has not made up the paper or made satisfactory arrangements to do so with the instructor, the student receives a 0 for that paper.

Students for whom English is a second language may contact Michelle Mitrik at 423-585-6930 for advising and/or tutoring referrals.

## Online/Web-Enhanced Course Supplementary Information

- Your instructor will use eLearn email to communicate with the class as a whole and with individual students outside of class. Your instructor will reply to email within 24-48 hours of receipt during regularly scheduled classes.
- **You should check eLearn email at least every other day.**
- You will use Walters State's online course management system (eLearn) to
  - read assigned content and assignment pages
  - submit writing activities through Discussion Board or Dropbox, as required
  - submit rough drafts and final essays, including all materials accompanying them, through Dropbox

- take quizzes and exams
- view your grades
- communicate with your instructor outside of class
- It is crucial that you familiarize yourself with the “Email,” “Grades,” “Content,” “Quizzes,” and “Dropbox” tools in eLearn. Go to [elearn.ws.edu](http://elearn.ws.edu), log in with your WSCC username and password, and then click on our course (ENGL 1020) to get into the site. Help is available there.
- Be courteous! If you wouldn’t say it in front of your grandmother, don’t say it in our class or electronic spaces. I’ll try to respond to your emails within 24 hours, excluding weekends.

## Additional Course Requirements/Details/Information

**Attendance Process:** Attendance is recorded by assignment completion. The last date of attendance is the date of the last in-class attendance.

**Attendance Policy:** Students are expected to attend class regularly. Excessive absences may result in a lower grade or failure for the course.

**Procedure for Submission of Work:** All work for this class must be submitted to the appropriate drop box or discussion board in eLearn. It is the student’s responsibility to make sure that work is submitted properly. Work submitted to the wrong drop box will be recorded as non-submitted. Also, missing work due to a student inaccurately submitting work will be recorded as non-submitted. Due dates for assignments, exams, and quizzes are in the Calendar in eLearn. The student must submit all major papers to complete the course. Absolutely no late work will be accepted after Friday, November 24, 2023. Prior to this date, the late penalty of 10% per day will apply. Please note: All assignments that were due prior to this date must be submitted by November 24. After that date, only the current assignments remaining in the course will be accepted. Therefore, it is VERY IMPORTANT that ALL papers due up to that point have been submitted; otherwise, the student forfeits the opportunity to earn a passing grade.

All work must be submitted to the assignment drop box or discussion board to be graded. No assignments will be accepted as email attachments.

**Testing Procedures:** Exams and quizzes will be administered in eLearn. Students should familiarize themselves with the Quizzes tab in eLearn.

**Evaluation Process:** Errors on papers will be marked using Grademark in Turnitin. Students must submit work to eLearn in a format that is readable by the platform. This means Microsoft word (.doc), or Rich Text Format (.rtf). It is the student's responsibility to make sure each submitted assignment is in a readable format. Documents that are submitted to eLearn in an unreadable format are considered late until they are properly submitted. NOTE: Every Walters State student has access to every computer lab on any campus whenever there is not a class scheduled in the lab. Access to the correct format is assured by utilizing these labs. Students also have access to a free download of Microsoft Office 365 including Word at mail.ws.edu. Students are responsible for checking due dates for assignments, confirming that assignments have been successfully submitted, and reading instructor feedback. All written work will be submitted to Turnitin.com, a plagiarism detection site, to check for undocumented source material and duplication of past or present students' work before it is graded. In the event of a grade dispute, it is the student's responsibility to provide documentation of course work.

**Work Return Procedure:** Submitted student work will be sent back to the student, after grading, utilizing the feedback function of the drop box or discussion board in eLearn. Students will be able to view graded material from the appropriate drop box or discussion board. It is the students' responsibility to inform the professor if they cannot find the graded work.

**Communication with the Instructor:** Students should use the eLearn email function to communicate with their professor. Using the email function inside of individual classes will aid the instructor in identifying the student and replying in a timely manner. The instructor will respond to email in 24-48 hours Monday through Friday during the regular class schedule.

**Use of Artificial Intelligence (AI) Tools:** Students are not allowed to use Artificial Intelligence (AI) tools (also known as "chatbots")--such as ChatGPT, for example --for any class assignment/activity unless the assignment/activity specifically states that AI use is permitted.

**Academic Integrity:** Walters State Community College takes academic integrity and plagiarism very seriously.

There are major consequences for academic misconduct of this kind. Your grade for an assignment and your course grade can be severely affected by academic misconduct. See the syllabus for more information.

At the beginning of the course, you will submit an Academic Integrity Contract to the dropbox which applies to all your writing in the course.

You can simply copy and paste the contract below starting with the title into a Word file.

Take time to read the contract before signing.

This document is required before your work can be assessed.

### **Academic Integrity Contract**

Plagiarism, cheating, and other forms of academic dishonesty are prohibited.

According to *Merriam-Webster* plagiarism is to "the act of using another person's words or ideas without giving credit to that person."

As noted in *The Little Brown Essential Handbook*, "Plagiarism . . . is the presentation of someone else's work as your own. Whether deliberate or careless, plagiarism is a serious offense. It breaks trust, and it undermines or even destroys your credibility as a researcher and writer. . . . The way to

avoid plagiarism is to acknowledge your sources: keep track of the ones you consult for each paper you write, and document them within the paper and in a list of works cited" (Aaron 212-213).

Any student who plagiarizes will receive a zero on the paper and may receive a grade of F in the course.

I hereby certify that all the work I am submitting this semester is solely my own.

Any source material used for an assignment has been properly given credit, quoted, and cited according to MLA format.

I have not used any generative artificial intelligence (AI) tool in researching or writing any assignments submitted to discussions, dropbox, or quizzes.

I also certify that I understand the plagiarism policy and the consequences for failure to comply.

I understand I can receive 0 credit for an assignment if I break this promise which could jeopardize my final course grade.

I commit to reading each item in the course content modules, closely following instructions, and faithfully following the schedule.

I commit to never borrow from classmates, online sources, or AI generated material to pass off their work as my own work or ideas.

I promise to earn a grade based on my own actions, not giving into the temptation to cheat or take the easy way out.

I will do my utmost to uphold academic integrity to show my character, commitment, and value of my education.

Type your name here. Example: Clara Oswald

Add full date here. Example: August 25, 2023

## **Submitting Academic Integrity Contract to Dropbox**

1. Save the document with your name, course, section(s), instructor, and assignment.

Example: Clara Oswald 1010-W95 Eichelman Academic Integrity Contract  
(or you can shorten Academic Integrity Contract to AIC)

2. Save your document as a Microsoft Office Word document. If you do not have Word, then save your document as a Rich Text file. See more about technical items in the Getting Started module or check the direct link [Required Textbook & Software](#).

3. Upload your document to the Academic Integrity Contract dropbox. You can access this dropbox by going to the Assessments tab and selecting the dropbox or by clicking on the direct link [Your Academic Integrity Contract](#).

If you need assistance with how to submit to the dropbox, consult the Student Guide to eLearn in the "Guides" item at the top of the screen and also check the "How To" module in content or click the direct link [How to Use the Dropbox](#).

## **Checking Your Submission**

Here is an important reminder for this document and all documents you upload to a dropbox: When you submit to a dropbox, go to a new tab like checking your grades in the Course Information tab and then come back to the dropbox to ensure your document fully uploaded. It is best to click on your submission to see if properly uploaded and to check if anything needs attention. If you need to resubmit, you can upload again.

**Syllabus Acknowledgement:** All students must read and acknowledge the syllabus in Simple Syllabus on the course homepage.

## Academic Honesty

Faculty expect all students to refrain from acts of academic misconduct including but not limited to:

1. Plagiarism - refers to using another person's ideas or writing without giving proper credit to the original source. Indulging in this type of conduct will subject the student to disciplinary sanctions, which may be imposed through the regular institutional procedures of Walters State Community College as outlined in the Student Handbook. Plagiarism will result in a grade of "0" for the paper/exam/presentation. Student Conduct and Disciplinary Sanctions contained in the college Catalog/Student Handbook apply (see policy 04:18:02 Disciplinary Sanctions). Plagiarism includes, but is not limited to the following:
  - a. Using cut/paste tool from original document with no references given.
  - b. Copying another student's work and submitting it as one's own.
  - c. Forging or otherwise altering signatures.
  - d. Giving or falsifying academic documents or materials.
2. Cheating - construed as attempting to deceive or mislead which includes, but is not limited to the following:
  - a. Utilizing old tests, projects, notes or written papers.
  - b. Providing unauthorized information to a fellow student about exam content.
  - c. Receiving unauthorized aid from any source with quizzes, examinations, or other assignments.
  - d. Seeking information in an unacceptable manner during/preceding an exam or other assigned work (cheat sheet, verbal exchange, looking at another person's paper or electronic device, utilizing headphones, using textbook when the test/quiz is not an open book test/quiz, using textbook test bank etc.).
  - e. Consulting with a classmate or others when taking a computerized test.
  - f. Disregarding other specific policies and procedures outlined for a particular class.
  - g. Utilizing unapproved technology/electronic equipment during testing (i.e.: mobile devices such as cell phones, smart devices, or tablets, etc.).
  - h. Using the same Internet Protocol network address (IP address) as another student for testing without approval from the course faculty.

3. The use of any generative artificial intelligence (AI) tool, such as OpenAI's ChatGPT, Google's Bard, or any other pre-trained language model (commonly referred to as "chatbot"), must be cited for any assignment where it has been used and may not be used unless specifically allowed by your instructor. Please see your instructor or the course policies within the syllabus if you have questions.

## **College Policies**

### **STUDENTS HANDBOOK AS OFFICIAL GOVERNING DOCUMENT**

This class is governed by the policies and procedures stated in the current Walters State Community College Student Handbook. All students attending Walters State Community College, regardless of the time, location, or format of the class, must abide by the rules and regulations outlined in the current Walters State Catalog/Student Handbook and the current Walters State Timetable of Classes.

[Walters State Catalog \(opens in new window\)](https://www.waltersstate.edu/catalog/)  
[catalog.ws.edu/](https://www.waltersstate.edu/catalog/)

### **PURPOSE, LIMITATIONS AND MODIFICATION OF SYLLABUS**

This syllabus sets forth the expectations for the course content, work, and grading as well as expectations for student performance and conduct. The syllabus does not constitute a contract between the student and the instructor or the College. The information contained here is subject to

change at any time. The instructor reserves the right to modify this syllabus at any time with written notification to the students. Though changes are possible, it is expected that the course will be conducted as described in this syllabus for the semester/year specified in the Course Information section of the syllabus. This syllabus is only valid for the semester/year specified and course requirements are not guaranteed for future semesters.

## **COURSE GROUND RULES**

- Students must attend the first day of on-ground class or contact the instructor prior to the first class. Failure to do this may result in being dropped from the class. Excessive absences may substantially lower the course grade.
- Regular class attendance is a student's obligation for any course regardless of format. (See the Walters State Catalog/Student Handbook). If a student misses class, it is his or her responsibility to contact the instructor regarding missed assignments and/or activities and to be prepared for the next class assignment.
- Students enrolled in web courses must follow the course attendance policy defined for online attendance during the first week of class and throughout the term. Failure to do this may result in being dropped from the class during week one OR may result in the accrual of absences which may negatively impact the student's grade in the course.
- Students who have not paid fees on time and/or are not correctly registered for this class and whose names do not appear on official class rolls generated by the Walters State student information system (MyWS) will not be allowed to remain in class or receive credit for this course.
- Electronic devices must not disrupt the instructional process or college-sponsored academic activity. Use of electronic devices is prohibited unless use of the device is relevant to the activity and use is sanctioned by the faculty member in charge. Electronic devices that are not relevant to the activity or sanctioned by the faculty member in charge should be set so that they will not produce an audible sound during classroom instruction or other college-sponsored academic activity.

## **FINANCIAL AID**

Students receiving any type of financial aid or scholarship should contact the Financial Aid Office before making any changes to their schedule. Schedule changes without prior approval may result in loss of award for the current term and future terms.

All forms of student Financial Aid may be jeopardized or lost due to the lack of Satisfactory Academic Progress in one or multiple courses. Lack of Satisfactory Academic Progress may negatively impact a student's degree/certificate completion pace and further jeopardize Financial Aid eligibility.

## **CANCELLATION OF CLASSES AND ACADEMIC CONTINUITY**

For information related to the cancellation of classes due to inclement weather or other events, please check the Senators Emergency Text system or the college's Web site at:
