Assessment, Evaluation and Testing Procedures

Each chapter includes a variety of assessments that measure the learning outcomes for the chapter.

Quizzes

Each chapter contains a 5 question content quiz. To prepare for the quiz, learners should review the Module Overview, Key Words and Concepts, Chapter, and Content video. Each quiz allows two attempts, and the highest of the two attempts is the recorded grade for the quiz. Each quiz is timed; students have 5 minutes to complete it.

Discussion Boards

Each chapter includes a discussion board that requires responses to 10 questions. The student must first post a thread that answer the chapter's questions (200 words or more). Then, the student should respond to two other students (50 words or more for EACH reply).

Reader Response Logs

Each week, the class will read part of a novel. Completing a Reader Response Log for that part of the novel is part of the weekly assignment. The reader response log is meant to be application of all the tools we are learning this semester. The log guides learners through completing a quality reading process that

- Models Active Reading Strategies
- Asks the learner to define unfamiliar words
- Has the reader connect reading assignment to his or life
- Model critical reading strategies

Reader response Logs are worth 40 points each and should be taken seriously.

Grading Scale

A	900-1000 Points
B	800-899 Points
C	700-799 Points
F	Under 699 Points

- Regular class attendance is a student's obligation for any course regardless of format. (See the Walters State Catalog/Student Handbook). If a student misses class, it is his or her responsibility to contact the instructor regarding missed assignments and/or activities and to be prepared for the next class assignment.
- Students enrolled in web courses must follow the course attendance policy defined for online attendance during the first week of class and throughout the term. Failure to do this may result in being dropped from the class during week one OR may result in the accrual of absences which may negatively impact the student's grade in the course.
- Students who have not paid fees on time and/or are not correctly registered for this class and whose names do not appear on official class rolls generated by the Walters State student information system (MyWS) will not be allowed to remain in class or receive credit for this course.

to the activity or sanctioned by the faculty member in charge should be set so that they will not produce an audible sound during classroom instruction or other college-sponsored academic activity.

FINANCIAL AID

Students receiving any type of financial aid or scholarship should contact the Financial Aid Office before making any changes to their schedule. Schedule changes without prior approval may result in loss of award for the current term and future terms.

All forms of student Financial Aid may be jeopardized or lost due to the lack of Satisfactory Academic Progress in one or multiple courses. Lack of Satisfactory Academic Progress may negatively impact a student's degree/certificate completion pace and further jeopardize Financial Aid eligibility.
