Student Learning Outcomes/Objectives

- 1. Identify significant historical events in American History from the Reconstruction period through the present day.
- 2. Provide examples of the role globalization and integration of different cultures and groups have had in the formation of American policy in the 20th and 21st centuries.
- 3. Assess the major social, political, and cultural issues that arose within the United States from 1877 through present day.
- 4. Differentiate between primary and secondary sources and integrate these sources into the study of history.

Instructional Approach and Methods

My philosophy of teaching is that giving more assignments allows students more opportunities to improve their grades. If there were only two or three assignments, and you did poorly on one of them, it would be much harder to improve your grade. With a variety of assignments and formats, you have more opportunities to learn and demonstrate your learning.

This course is a web-based course. All lectures, assignments, and submissions are through eLearn. You are expected to log in each day and complete all assignments by the due date indicated in eLearn and on the course schedule (found in eLearn).

NOTE: This is an accelerated 3.5-week course. It is shorter than a regular semester semester. It will require more time to cover the material and complete assignments each week, so do not wait until the last minute to complete work.

Assessment, Evaluation and Testing Procedures

3 Exams: (SLOs 1, 2, & 3) Exams include multiple choice questions, fill-in-the-blank, short answer, identification, and a map section. Questions will derive from both lectures and textbook material, with a heavy emphasis on lectures. You will be given a review guideline with the exact composition of the exam before it is given. Only a documented serious family emergency or documented medical excuse will qualify you for a make-up exam. Only one make-up exam is allowed. Exam dates are fixed and permanent unless circumstances dictate necessary change, which will be given in advance by instructor.

Essay: (SLO 1, 2, or 3, depending on topic; SLO 4) Each student will complete one essay for the class. This essay will be over a topic in modern American History. The essay is worth 14% of your final grade. Specific information on the essay can be found in Content under Assignment Information.

History Project: (SLOs 1 & 4) Each student will work individually to complete a biography project on a person in modern US History who is NOT well known. This project is designed to encourage your research into and knowledge of America's past by challenging you to develop your critical thinking skills. The project is worth 14% of your grade. Specific guidelines on the project and format can be found in Content under Assignment Information.

Discussion Boards: (SLO 1, 2, 3, and 4, depending on topic) Each student will be required to answer five questions posted to the Discussion Board and respond to one other student's post. This will be worth 10% of your final grade. Specific guidelines on discussion boards can be found in Content under Assignment Information.

Chapter Reading Quizzes: (SLO 1) In order to ensure you are reading your text, you are required to complete a 12-question reading quiz over each chapter in the text that we cover. The quizzes will comprise 10% of your final grade.

Grading Scale

A	90-100
B	80-89.9%

C	70-79.9%

Class Participation

Students are required to actively participate in course discussions. You are encouraged to reply to more than the minimum number required for your assignment. You have assignments due each week, and you are strongly encouraged to log into the class daily to read emails, updates, and monitor your course progress.

Course and Class Policies/Procedures

Due dates and exam dates are fixed. Each student is granted two exceptions to submit an assignment past the deadline per semester (excluding exams) without an official excuse/documentation. All late assignments must be submitted to the dropboxes labeled Late Submissions. Any assignment submitted more than 3 days past the due date will be penalized 5 points per day thereafter. The late dropboxes close on the last day of class. No work will be accepted after that date for any reason.

Absolutely no work will be accepted via email. All work must be submitted via eLearn. If you miss a deadline, you must use one of the Late Dropboxes.

Technical difficulties with eLearn incurred during an exam or assignment submission MUST be documented and sent to the instructor. Screen shot or take a photo of the error message and email to the instructor. An email regarding a missed assignment or test due to technical difficulties WILL NOT allow for a make-up unless documentation is provided.

Excuses for scheduled absences and makeup work must be granted in advance. In the case of an emergency, you may provide documentation past the deadline. If no documentation exists, you are subject to the late submission rule.

Any extra credit that *may* be offered during the course is available only to those students who complete all course work. Any student who misses any assignment during the semester is not eligible for extra credit.

PURPOSE, LIMITATIONS AND MODIFICATION OF SYLLABUS

This syllabus sets forth the expectations for the course content, work, and grading as well as expectations for student performance and conduct. The syllabus does not constitute a contract between the student and the instructor or the College. The information contained here is subject to change at any time. The instructor reserves the right to modify this syllabus at any time with written notification to the students. Though changes are possible, it is expected that the course will be conducted as described in this syllabus for the semester/year specified in the Course Information section of the syllabus. This syllabus is only valid for the semester/year specified and course requirements are not guaranteed for future semesters.

COURSE GROUND RULES

- Students must attend the first day of on-ground class or contact the instructor prior to the first class. Failure to do this may result in being dropped from the class. Excessive absences may

substantially lower the course grade.

- Regular class attendance is a student's obligation for any course regardless of format. (See the Walters State Catalog/Student Handbook). If a student misses class, it is his or her responsibility to contact the instructor regarding missed assignments and/or activities and to be prepared for the next class assignment.
- Students enrolled in web courses must follow the course attendance policy defined for online attendance during the first week of class and throughout the term. Failure to do this may result in being dropped from the class during week one OR may result in the accrual of absences which may negatively impact the student's grade in the course.
- Students who have not paid fees on time and/or are not correctly registered for this class and whose names do not appear on official class rolls generated by the Walters State student information system (MyWS) will not be allowed to remain in class or receive credit for this course.
- Electronic devices must not disrupt the instructional process or college-sponsored academic activity. Use of electronic devices is prohibited unless use of the device is relevant to the activity and use is sanctioned by the faculty member in charge. Electronic devices that are not relevant to the activity or sanctioned by the faculty member in charge should be set so that they will not produce an audible sound during classroom instruction or other college-sponsored academic activity.

FINANCIAL AID

Students receiving any type of financial aid or scholarship should contact the Financial Aid Office before making any changes to their schedule. Schedule changes without prior approval may result in loss of award for the current term and future terms.

All forms of student Financial Aid may be jeopardized or lost due to the lack of Satisfactory Academic Progress in one or multiple courses. Lack of Satisfactory Academic Progress may negatively impact a student's degree/certificate completion pace and further jeopardize Financial Aid eligibility.
